National Wetlands Inventory

- | | |
|-----------------------------------|-----------------------------------|
| Wetland Type | Wetland Type |
| Freshwater Emergent Wetland | Freshwater Forested/Shrub Wetland |
| Freshwater Forested/Shrub Wetland | Other Wetland Soil |

The US Fish and Wildlife Service National Wetlands Inventory (NWI) is an ongoing effort to map and inventory the wetland areas within the United States. National Wetlands Inventory wetlands were automated by the US Fish and Wildlife Service, National Wetlands Inventory, and were distributed by GRANIT, Complex Systems Research Center. Map source scale 1:24,000. For more information see the National Wetlands Inventory website: <http://www.nwi.fws.gov>

SOILS
Soil boundaries are from NRCS Rockingham County Soil Survey published at 1:20,000 scale and issued in 1991. Data automation completed by Complex Systems Research Center, UNH, October 1999. Soil unit boundaries that coincide with water body boundaries in the field will not always coincide on this map, due to their differing data sources and scales. Information shown on this map is for planning purposes only.

Base Features (transportation, political and hydrographic) were automated from the USGS Digital Line Graph data, 1:24,000, as received in the GRANIT database at Complex Systems Research Center, Institute for the Study of Earth, Oceans and Space, University of New Hampshire, Durham, NH, 1992-2012. The roads within the Rockingham Planning Region have been updated by NH Department of Transportation through local input by the RPC where available.

Although these data have been processed successfully on a computer system at the Rockingham Planning Commission, no warranty expressed or implied is made regarding the accuracy or utility of the data on any other system or for general or scientific purposes, nor shall the act of distribution constitute any such warranty. It is also strongly recommended that careful attention be paid to the contents of the metadata file associated with these data to evaluate data set limitations, restrictions or intended use. Rockingham Planning Commission shall not be held liable for improper or incorrect use of the data described and/or contained herein.
