The document was executed and a copy will be sent to Community Power Coalition of New Hampshire.

Election Discussion:

The meeting continued with discussion on the election on March 12, 2024 and specifically that the budget did not pass by a very narrow vote. The board discussed that there might be some loss of services from the town hall employees, the police department and all other departments due to the default budget adoption. Many thoughts were expressed and ideas will be presented at the meeting on the 25th of March.
