

The Town is proud to dedicate its annual report to two outstanding women, who, in very different ways, represent the very heart of Kensington.

Marcia York, a lifelong native of Kensington, and Dorothy Felch, a long term Kensington resident were both committed to the community they loved and called home.

Marcia was born in 1916 in Exeter, and raised with her brother and sisters on the family homestead at York Hill, located on the westerly boundary of Kensington along Route 108.

She was a pioneer in many regards, going on to business school after high school, and after a short working career, enlisted in the Women's Army Corps. She served 20 years in the First Cavalry Division, and became an accomplished horsewoman. That was a passion Marcia held through all of her 97 years.

She gave freely of her time and expertise to the community, was a life member of the Historical Society, a member of American Legion Post 105 in Kensington, volunteered with the Rockingham 4H club, was a warden at the Universalist Church, and for years organized an annual horse show to benefit the Kensington Volunteer Fire Department.

Her love for animals ran deep, and Marcia, who lived alone after her sister Faith's passing, was always accompanied by a dog, and showed a love for her horse that was unmatched.

Dolly Felch, as she was known to those who knew her was also born in Exeter, in 1932.She chose Kensington as her home, and raised her sons in the house she kept after the death of her first husband, Clark Jacobs, and her marriage to another long term Kensington resident, Buzz Felch.

Dolly was very active in the Congregational Church in Kensington, serving as a Trustee, singing in the Choir, and working as a volunteer to make the Church suppers both a fundraiser, and a connection to the community.

She also served as a Social Trustee at the Kensington Public Library, overseeing the maintenance of the building. The elections in Kensington were always on Dolly's to do list, and she served for years as a ballot clerk, and helped prepare meals for the election officials.

Dolly could be seen welcoming new families into the Church and community, and created many lifelong friendships through her gentle and warm nature.

These two women represent Kensington. They were both committed, caring, and fierce in their love of the small Town that Kensington represents.

It is an honor to have their mark on the community.

Ъ

کو

Ъ

State of New Hampshire Town of Rensington 95 Amesbury Road Kensington, NH 03833

To the Residents of Kensington:

The year 2014 presented some difficult questions and exciting changes for Kensington. Police Chief Mike Sielicki retired in late summer, and the Board hired our new chief, Scott Sanders. Scott is well known in town and has been part of the Kensington Police Department for a number of years. He comes to the position with an excellent understanding of our town and the police department. We also have recognized a significant turnover in the Board of Selectmen, with three new members since March of 2014. While coming from diverse backgrounds, all new members have resided in Kensington for a number of years and are motivated to demonstrate an atmosphere of transparency and collaboration to Kensington's governance process. The Board of Selectmen gives special thanks to Chief Mike Sielicki, Selectman Scott Lowell and Selectman Russell Perry for their years of dedicated service to the Town.

An important 2014 focus for the Selectman was to identify a more stable temporary solution for the Town's civic operations. One primary focus was to determine options for the Police Department, which had been situated in a temporary trailer with no running water or bathrooms for an extended period. Critical storage was offsite in multiple locations. Two relocation possibilities were reviewed by Selectmen; one was to use current location across the street from the Old Town Hall site. This location required major site work to accept the new larger trailer footprint. The other option was to move the expanded trailer footprint for the Kensington Police Department to a location behind the Old Town Hall, which had substantially less site work to be done to accept the trailers. Based on Town cost savings of about \$15,000, the Board of Selectmen voted to move the Police Department to its new location behind the Old Town Hall.

In 2014 we celebrated exciting accomplishments at the Old Town Hall! The source of the water intrusion causing the mold problem was identified. This was corrected through a non-evasive water proofing system constructed in the interior of the building, allowing the exterior façade to remain untouched. Gutters were installed to reroute the water away from the building. Upon completion of the water proofing, an air test was conducted to determine the air quality, and the report reflected a favorable air quality supporting space that could be habitable in the basement of the Old Town Hall.

The results of the air test pave the way to develop a less costly permanent solution to the Kensington Town Offices and Police Department. Residents will see a Warrant Article related to this on the ballot in March 2015. If Kensington residents approve, Selectmen intend to pursue a feasibility study and architectural plans for an addition to the back of the Old Town Hall. The addition,

Ь

## Selectmen's Letter to the Residents Cont.

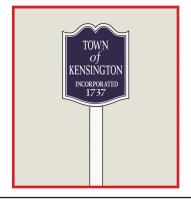

Lp.

Ь

two stories, would provide an additional 1200 sq. ft., be ADA compliant, and provide sufficient space to house the town offices and the police department as well as meeting the future needs of Kensington. If the warrant article passes, the Board will seek volunteers from the community and Kensington employees to help develop specific design and space requirements.

During 2014, the Board of Selectman also focused on strategies designed to preserve Town infrastructure (capital assets and services) while looking for ways to maintain the current tax base without material expansion, working out a budget to meet the needs of the Town and remain fiscally responsible. The proposed budget for 2015 is lower than the default budget. The Board of Selectman took a close look at year-end balances and returned money to the general fund. The Board also took a close look at requests to encumber funds. There was over \$75,000 of proposed encumbrances that were returned to the general fund. In the coming 2015 year, the Board of Selectmen envisions a number of proposals and policy changes designed to make the management of the budget more functional and transparent. This will be possible by working with the Kensington Town department chiefs on a quarterly basis to review the budget and to operate in an efficient but effective manner.

In closing, the Board of Selectman wishes to thank all who have contributed their time and talents in 2014. The Town is appreciative of your enthusiasm and dedicated efforts. The Board encourages all residents to continue to be engaged in the town process, ask questions, provide input, and volunteer. Town government works best and most effectively with feedback from its residents. There are a number of boards, committees, and town positions to get involved in. The Town of Kensington has a wonderful community of residents which makes it a special and great place to live. Thank you from the Board of Selectmen and employees for entrusting us with the operation of Town affairs. It has been, and will continue to be our pleasure to serve you in 2015.

Щ

**Origin:** This town was once a parish of Hampton, and was incorporated in 1737 by Governor Jonathan Belcher of Massachusetts when New Hampshire was still part of that province. Of the 27 towns granted by Governor Belcher, only three were given names: Arlington, Peterborough, and Kensington, which was named for Edward Rich, Earl of Holland and Baron Kensington. England's Kensington, now a suburb of London, is the location of Kensington Palace, known for its beautiful public gardens. The palace was the birthplace of Queen Victoria, and the London home of Diana, Princess of Wales.

Villages and Place Names: Austin Corners, Brick School Corner, Eastman Corners, Five Corners, Lamprey Corners, Prescott Corner

Population, Year of the First Census Taken: 800 residents in 1790

**Population Trends:** Population change for Kensington was 1,419 over 53 years, from 708 in 1960 to 2,127 in 2013. The largest decennial percent change was a 47 percent increase between 1960 and 1970; the second largest was a 44 percent increase between 1990 and 2000. The 2013 Census estimate for Kensington was 2,127 residents, which ranked 134th among New Hampshire's incorporated cities and towns.

**Population Density and Land Area, 2013** *(US Census Bureau)***:** 177.5 persons per square mile of land area. Kensington contains 12.0 square miles of land area and 0 square miles of inland water area.

### Trash & Recycling TRASH PICKUP EVERY TUESDAY BEGINNING AT 6:30 AM

#### AS OF FEBRUARY 4, 2013, TRASH AND RECYCLING PICKUP WILL FOLLOW THE SCHOOL CLOSING SCHEDULE AND PICKUP WILL BE DELAYED A DAY. PICKUP WILL NOT BE AFFECTED IF THERE IS A DELAYED SCHOOL OPENING.

- 1. Waste must be contained in plastic bags or trash barrels, not to exceed a capacity of 32 gallons. Cardboard boxes may not be used.
- 2. Waste must be placed at the end of the driveway by 6:30 a.m. on Tuesdays.
- 3. Weight of any container must not exceed 50 pounds.
- 4. Each 32 gallon container/bag must have a Kensington trash sticker affixed to it (for barrels containing non-bagged items, affix sticker to top item in the barrel). Stickers are available at the Town Offices.
- 5. No construction debris, brush or stumps will be picked up and no 55 gallon drums are to be used.
- 6. Residents may dispose of bulky items and other items that cannot be included with trash, such as motor oil, at the Raymond Transfer Station, Monday thru Saturday 8 am to 4 pm. Disposal of these items will require payment of fees. Fees and directions are posted on the Town's web site or you can call Bestway Disposal at 895-6273. James R. Rosencrantz & Sons located at 184 South Road accepts used waste oil. You may bring it in a sealed container during their regular business hours M-F 8am-5pm.

### RECYCLING

Recycling is picked up on the first four weeks of each month. There is no recycling pick up if there is a 5th Tuesday. For 2015 this will affect the months of March, June, September, and December.

Each owner of a dog four months old or over must license the dog with the Town Clerk before May 1st of each year. By law, dogs age 4-7 months old must receive a Rabies Vaccination. The certificate of vaccination is to be presented to the Town Clerk at the time of licensing. Each dog must wear a collar around its neck; attached to the collar a metal tag distinctly marked with its license number.

License fees are as follows:

Male	\$9.00	Female	\$9.00
Neutered Male	\$6.50	Spayed Female	\$6.50
Seniors Citizen's Disc	ount (65 or older):	First Dog (only)	\$2.00
Penalties: \$25.00 Fi	ne after Mid June + Licens	ing Fees \$1.00 added each month	<u>n after June 1<sup>st</sup> until dog is</u>
registered		-	-

### JUNK CAR REGULATIONS

New Hampshire Statute requires anyone with two or more unregistered vehicles or old cars no longer intended or in condition for legal use on highways or used auto parts equal in bulk to two vehicles must obtain a license or be subject to a \$10.00 a day fine and a mandatory injunction to end the violation by Selectmen. New and used car dealers registered as such are not considered auto junk dealers but must remove junk cars from their permises within 180 days.

2015 Town of Kensington Warrant

### Town of Kensington New Hampshire Warrant and Budget 2015

To the inhabitants of the town of Kensington in the County of Rockingham in the state of New Hampshire qualified to vote in town affairs are hereby notified and warned that the two phases of the Annual Town Meeting will be held as follows:

First Session of Annual Meeting (Deliberative Session):

Date: February 4, 2015

Time: 7:00pm

Location: Kensington Elementary School Multi-purpose Room, 122 Amesbury Road Kensington, NH 03833

Second Session of Annual Meeting (Official Ballot Voting) Date: March 10, 2015 Time: 8:00am-7:30pm

Location: Kensington Elementary School Multi-purpose Room, 122 Amesbury Road Kensington, NH 03833

#### Article 1: Other - Elect Officials

பு

đ

To choose all necessary Town Officials for the year ensuing.

#### Article 2: Other – Amend Zoning Ordinance Definitions

Are you in favor of the following amendments to the Kensington Zoning Ordinance?

- 1) Amend existing definitions and add new definitions to the Kensington Zoning Ordinance as follows:
  - a) Clarify current explanation of the Expansion of Use within the Septic Regulations Zoning Ordinance Article VII Health Standards, Section 7.1D(7).
  - b) Replace the current definition of Dwelling Unit within Zoning Ordinance Article II Definitions.
  - c) Add a new definition of Alteration to Zoning Ordinance Article II Definitions.

 d) Clarify definition and include retaining walls to existing definition of a Structure within Zoning Ordinance Article II Definitions.

#### Proposed Amendments to Definitions in the Kensington Zoning Ordinance

DWELLING/RESIDENCE Article II Definitions	A room or group of rooms in a structure designed or used as a place for independent occupancy by person or family without need to use other areas of structure or another structure for meal preparation, sleeping, living or use of sanitary facilities.
ALTERATION Article II Definitions	Any construction or renovation to an existing structure which requires a permit other than repair or replacement. Also, a change in the mechanical system that involves an extension or change to the arrangement, type or purpose of the existing installation.
EXPANSION OF USE Article VII Health Standards	<ul> <li>An increase flow of wastewater into a septic system created by:</li> <li>An increased number of bedrooms in a dwelling unit.</li> <li>An increase in the number of employees in a commercial use.</li> <li>An increase in floor area or increased number of seats in any building resulting in increased wastewater flows.</li> <li>A change within a structure causing additional flow rates.</li> </ul>
STRUCTURE Article II Definitions	Anything constructed or erected on or in the ground or in the water or an attachment to something having a fixed location on the ground. Structures include permanent or temporary buildings, , signs, carports, porches, swimming pools and other building features, communication towers and antennas, and field or garden walls or embankments retaining walls four (4) feet or greater. Structures do not include sidewalks, fences, driveways, septic systems, boundary markers, field or garden walls and embankments; retaining walls less than four (4) feet, land drainage, sediment and erosion control structure.

## 2015 Deliberative Session Minutes

**Deliberative Session 2015** 

பு

dh.

Moderator, Harold Bragg called the meeting to order at 7:03pm on February 4, 2015. In attendance were Selectmen: Norman DeBoisbriand, Peter Merrill, Robert Wadleigh and Town Clerk, Pamela L. Kehoe.

There were approximately 34 registered voters present.

The Moderator read the opening paragraphs of the Town Warrant stating the Town Election would be held Tuesday March 10th, 2015 from 8am to 7:30pm at The Kensington Elementary School, multipurpose room. Harold explained how he would conduct the meeting.

Article 1: N/A for warrant article

Article 2: Planning Board article can't be changed in the Deliberative Session and will go to the Ballot as presented. Michael Schwotzer makes a motion, Lynne Bonitatibus 2nds. No discussion. Moderator takes a vote. I, for a yes vote, Nay, for a no vote.

Motion is in the affirmative.

Article 3: Michael Schwotzer makes a motion, Jim Webber 2nds. Fred Feldman asks questions about some line items and why the building inspector's salary increased.

Peter Merrill answered with an explanation that Kensington's fees are out of date with their salaries for this position and is much lower than surrounding towns. Lynne B. explains that the increase also is due to the permits being placed under a different line item. She explains that it is for reimbursed fee's that also go back to the different inspectors. Kathy made mention and as a point of clarity that he is still not considered a Town Employee and that he is 1099.

Peter Merrill also pointed out and encouraged people to attend. That there are budget meetings every fall and that is a good place to voice your concerns and have your questions answered over the budget.

Michael Schwotzer proceeds to read amended fiscal note:

Fiscal Impact Note: the proposed operating budget figure of \$1,624,161 is a decrease of \$(66,560) being less than the budget amount adopted in 2014 of \$1,690,721. The net estimated 2015 tax impact of the proposed operating budget is \$(0.223) per \$1,000 valuation (negative 22.3 cents per thousand dollars of valuation). The default budget figure of \$1,639,032 is a decrease of \$(51,789) being less than the budget amount adopted in 2014 of \$1,690,721. The net estimated 2015 tax impact of the default budget is \$(0.174) per \$1,000 valuation (negative 17.4 cents per thousand dollars of valuation).

Joan Whitney asks what the income will be to offset the revenue. Mike Schwotzer informs the room that Automobile taxes will be the biggest revenue to offset the town rate. He informed the room there are other small revenues but the majority will come from automobiles.

Moderator takes a vote. . Motion is in the affirmative.

2014 Annual Report 22

### 2015 Deliberative Session Minutes

Lp.

Б

Michael Schwotzer moves to make a motion to vote so there can be no reconsideration on Article 3 for the operating budget. Lynne Bonitatibus 2nds

Moderator takes a vote. . Motion is in the affirmative.

٩Г

Article 4: Fred Feldman makes a motion, Michael Schwotzer 2nds. No Discussion. Motion is in the affirmative.

Article 5: Rhoda Feldman makes a motion, Michael Schwotzer 2nds. Fred Feldman inquires what their lifetime is and how old are the ones that we already have? Moderator asks if there is anyone who can speak on this. Peter Merrill says that he cannot speak on the exact age of the packs but explains that the ones that we have are not compatible to any other town. Jean Waldron asks what the lifetime of these packs are. No one is able to give an exact answer on this question. Rick asked if there was any trade in value for the ones that we already have or if there is a way to recoup any money from the sale of the old ones. Robert Wadleigh says he doesn't think that there is any but again there was no one at the meeting that has any knowledge of this or if this is possible. Peter Merrill suggests going to the Fire Fighter meeting on Thursday night. Kathy Felch asked if we have any that are compatible now. Norman DeBoisbriand replied that there are 6 new ones that are compatible.

Moderator takes a vote. . Motion is in the affirmative.

Article 6: Maggie Kilcoyne makes a motion, Dennis Roffman 2nds.

No Discussion Moderator takes a vote. . Motion is in the affirmative.

Article 7: Lynne Monroe makes a motion, Joan Whitney 2nds. Fred Feldman asks is there an estimated budget anticipated? How much will it cost if it does pass? Norman answered that the anticipated estimate is \$400,000- \$500,000. If this article passes they will be able to make a proposal and have a better idea. Peter Merrill added on that part of the feasibility study is to take a look at it and see what the options are for use. We won't know what the feature set will be (use) until the study is performed. Rhoda Feldman asks if the Selectman are planning on working with the individual departments to see what their needs are. Peter answered yes, that is how the process will work. Fred Feldman asked about the proposed municipal building that was voted down last year. He inquired how many feet that building was to be? 4000 to 5000 square feet? He had concerns on how 1200 square ft. was going to be able to work? Norman informed him that the new addition would be 600 feet upstairs and 600 feet down. Fred Feldman asked if the Police Dept. supported the new addition. He was told there were no representatives there to speak for them. But there doesn't seem to be anything in the negative. Norman informed the room that they were to process they could use. They are hoping to use a bond and that there is money in the town reserve. Lynne Monroe wanted to show her support and thanked the Selectman for their work and she felt it was an excellent article, well thought out. Paul Lovikk wanted to know if the plan is to move all the town functions into this building.

Moderator takes a vote Motion is affirmative.

Article 8 Michael Schwotzer motions, Lynne Bonitatibus 2nds.

### 2015 Deliberative Session Minutes

Fred Feldman asks why such a large amount? Bob Wadleigh explains that the town didn't do any road construction last year. Donna Carter asked if it was passed on because we were looking for the extra money for the municipal building? So there would be more of a chance of the bldg. passing? A selectman answered that they didn't have an answer for that because they were not on the board at the time.

Moderator takes a vote. Motion passes in the affirmative.

Michael Schwotzer motions to adjourn, Kathy Felch 2nds. Moderator ends the deliberative session at 7:36pm.

Respectfully Submitted,

Pamela L. Kehoe

47 Town of Kensington, NH

2014 O	fficial Ballot
For the Town of Kensing March 11, 2014. Should on the list, it is their prive they wish to vote for.         Article #1       TO VOTE FOR A PERSON MARK A         Selectmen (3 years)       Vote for not more	ot for the Town of Kensington gton, NH at the Annual Town Meeting, the voter desire to vote for anyone not named ilege to write in the name of the person(s) A CROSS (X) AT THE RIGHT OF THE NAME Library Trustee (3 years) Vote for not
than 1 Norman DeBoisbriand 420	more than 1 Heather Ritter 520
Tax Collector (1 year)       Vote for not more than 1         Carlene Wiggin       590	Trustee of Trust Funds (3 years)for not more than 1Jim Webber19
Pamela Kehoe 540	Crange Hell Trustee (2 years) Note
Treasurer (1 year)       Vote for not more         than 1       Michael A. Schwotzer       539	Grange Hall Trustee (3 years) Votefor not more than 1Holly McCann215Joan W. Webber275
Supervisor of the Checklist (6 years)         Vote for not more than 1         Sue Herney       31	Please turn page and continue voting $\rightarrow$ Pamela. J. Kehoe

**ARTICLE 2:** Are you in favor of removing language located in Article 8.2 "Definitions," which only makes zoning definitions pertinent to the residential district in town rather than both the commercial and residential district, and to move the definitions section of the ordinance into a separate article? *An official copy of the proposed ordinance or amendment shall be on display for the voters at the meeting place on the date of the meeting.* 

нh

Recommended by the Planning Board

#### Yes 394 No 208

**ARTICLE 3:** Are you in favor of adoption of Article 12 "Kensington Floodplain Management Ordinance?" The purpose of this ordinance is to set development standards within designated FEMA floodplains, allow the Town the right to participate in the National Flood Insurance Program (NFIP), which will allow all town residents the option to purchase flood insurance through the NFIP program. *An official copy of the proposed ordinance or amendment shall be on display for the voters at the meeting place on the date of the meeting.* 

Recommended by the Planning Board

**<u>ARTICLE 4</u>**: Are you in favor of repealing Chapter V Article 3.5 "Mobile Homes?" Currently, mobile homes shall be removed from the Town of Kensington within one year of their last occupancy. The purpose is to remove an article that should not be in the zoning ordinance.

Current Zoning: ARTICLE 3.5 (Formerly Article 7) MOBILE HOMES Mobile homes shall be removed from Kensington within one year of their last occupancy. (03/13/1971)

An official copy of the proposed ordinance or amendment shall be on display for the voters at the meeting place on the date of the meeting.

Recommended by the Planning Board

Yes 374 No 246

பு

<u>ARTICLE 5</u>: Are you in favor of granting the Board of Selectmen authority to set building permit fees in order to cover municipal inspection, processing and administration costs due to building activity. Per RSA 41:9-a Establishment of Fees.

5.1

Ъ

Are you in favor of amending Chapter V Article 3.1- Other Regulations, specifically Article 3.1- Building Permit by repealing the section "<u>Building Permit Fee</u>- C, first sentence (page 112 of the current Zoning Ordinance and Land Use Regulations book), and replacing it with the following: The division of building permit fees shall be determined by the Board of Selectmen.

5.2 Are you in favor of amending Chapter V Article 3.1- Other Regulations, specifically Article 3.1- Building Permit by repealing the section "<u>Building Permit Fee Schedule</u>" (page 112 of the current Zoning Ordinance and Land Use Regulations book).

Proposed warrant articles 5, 5.1, and 5.2 are linked. Therefore, if warrant Article 5 does not pass then proposed warrant articles 5.1 and 5.2 will remain in zoning. An official copy of the proposed ordinance or amendment shall be on display for the voters at the meeting place on the date of the meeting.

Recommended by the Planning Board

#### Yes 328 No 272

**ARTICLE 6:** To see if the municipality will vote to raise and appropriate the sum of \$1,200,000 (one million, two hundred thousand dollars) for the construction and original equipping of a new Police/Emergency Management/Town Office building, and to authorize the issuance of not more than \$770,000 (seven hundred seventy thousand dollars) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the municipal officials to issue and negotiate such bonds or notes and to determine the rate of interest thereon; furthermore, to authorize the use of \$130,000 (one hundred thirty thousand dollars) from the unassigned fund balance, with an additional amount of \$300,000 (three hundred thousand dollars) to come from donations. 3/5 ballot vote required

Selectmen recommend this appropriation unanimously

Estimated Tax impact is only on the \$770,000 (\$300,000 donations and \$130,000 fund balance do not impact future taxes).

Average payments for the 1<sup>st</sup> 3 years on a 25 year bond at 5% = \$0.24 per thousand dollar valuation. If passed, budgeted amounts for trailers and rentals would not be needed, saving \$0.19 per thousand or \$19 per year for every \$100,000 property valuation.

Net estimated tax impact for new building instead of renting and leasing = \$0.05 per thousand or \$5 per year for every \$100,000 property valuation

Yes 276 No 368

╈

**ARTICLE 7:** Shall the Town of Kensington raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant or as amended by vote of the first session, for the purposes set forth therein, totaling \$1,690,721 (one million, six hundred ninety thousand, seven hundred twenty one dollars)? Should this article be defeated, the operating budget shall be \$1,705,280 (one million, seven hundred five thousand, two hundred eighty dollars), which is the same as last year, with certain adjustments required by previous action of the voters or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. Note: This warrant article (operating budget) does not include appropriations in any other warrant article.

гЬ

Selectmen recommend this appropriation unanimously

Estimated Tax Impact Proposed Budget: \$5.69 per thousand dollar valuation Estimated Tax Impact Default Budget: \$5.74 per thousand dollar valuation Based on a property valued at \$100,000, the estimated tax impact is \$569.00 for the proposed budget and \$574.00 for the default budget.

\*Note: these figures do not include any revenue.

#### Yes 491 No 134

**ARTICLE 8**: To see if the municipality will vote to authorize the selectmen to enter into the third year of a seven year lease agreement for \$380,000 (three hundred eighty thousand dollars) for the purpose of leasing a new fire truck and to raise and appropriate the sum of \$60,740 (sixty thousand seven hundred forty dollars) for the third year's payment for that purpose. This lease agreement contains an escape clause. (Majority vote required). In subsequent years, if the annual appropriation is not approved, the lease terminates and the truck will be returned. If this lease is approved for each of the seven years, a warrant article will be set forth to expend \$19,000 (nineteen thousand dollars) from the fire department equipment capital reserve fund to offset the final payment only.

Selectmen recommend this appropriation unanimously Estimated Tax Impact: \$.20 per thousand dollar valuation Based on a property valued at \$100,000, the estimated tax impact is \$20.00

Yes 393 No 233

**51** Town of Kensington, NH

сh

Ъ

**ARTICLE 9:** To see if the town will vote to raise and appropriate the sum of \$2,000 (two thousand dollars) for maintenance of the grange hall. This will be a non lapsing article and will not lapse until the project is complete or until December 31, 2015.

Selectmen recommend this appropriation unanimously Estimated Tax Impact: \$.01 per thousand dollar valuation Based on a property valued at \$100,000, the estimated tax impact is \$1.00

#### Yes 463 No 149

**ARTICLE 10:** By petition, to see if the town will vote to raise and appropriate \$1,500.00, (one thousand five hundred dollars) for the Richie McFarland Children's Center's (RMCC) early intervention program that serves children from birth to three years of age and their families. This investment will support the cost of providing early childhood special education, pediatric therapies and family support services to Kensington residents. RMCC bases the request on \$300 (three hundred dollars) per child which is less than five percent (5%) of the annual cost for weekly home-based therapies. This past year RMCC served five (5) children, which is the average number of children in Kensington served over the past ten (10) years.

Selectmen recommend this appropriation unanimously Estimated Tax Impact:\$.01 per thousand dollar valuation Based on a property valued at \$100,000, the estimated tax impact is \$1.00

Yes 484 No 131

Ь

P

**ARTICLE 11**: By Petition, to see if the town will raise and appropriate funding up to \$52,000 to continue the repair of the Kensington Town Hall that was begun in 2013. This work will include the installation of proper drainage and other repairs recommended in the report issued by RPF Environmental and dated January 22, 2014. This work will bring the Town Hall closer to its functional capacity.

In 2013 the town voted \$10,000 to remediate the mold and other conditions that had made the town employees sick. This effort ended up costing \$17,360; the difference was paid by *The Friends of the Town Hall* through a \$4,000 grant from the National Trust for Historic Preservation and donations from over 35 townspeople totaling \$3,360. The work was done by EnviroVantage and RPF, completed January 2014, and has successfully resolved the contamination issues. To maintain this level of safety, the resulting report recommends correcting the drainage problems and installing new non-cellulose materials to replace the floor, wall and ceiling materials that were removed for the remediation. After these actions are completed, the town hall will remain safe as long as dry conditions are maintained and other routine maintenance is adhered to. The result will be the preservation of a significant historic building in the town center with 1400 sf. of office space, 1700 sf. of meeting space, and 1500 sf. of storage space, all usable town-owned space.

Selectmen recommend this appropriation unanimously Estimated Tax Impact: \$.18 per thousand dollar valuation Based on a property valued at \$100,000, the estimated tax impact is \$18.00

#### Yes 383 No 243

**ARTICLE 12:** By petition, To see if the town will vote to raise and appropriate \$696 (six hundred ninety six dollars) for the Rockingham Nutrition & Meals on Wheels Program to continue to provide their meal service to elder, homebound and disabled Kensington residents.

Selectmen recommend this appropriation unanimously Estimated Tax Impact: \$.01 per thousand dollar valuation Based on a property valued at \$100,000, the estimated tax impact is \$1.00

## 2014 Police Department Report

Scott D. Sanders Chief of Police

TEL: (603) 772-2929 FAX: (603) 778-4949 Email: ssanders@kensingtonpd.com 95 Amesbury Road Kensington, NH 03833

╈

2014 was a year of many changes for the Kensington Police Department. I'd first like to thank Chief Sielicki for the stability he returned to the department after several years of transition and uncertainty. Though he was only here for a few years he provided a foundation for this department to continue to provide a professional, well trained, and well equipped police service to the residents of Kensington well into the future.

Chief Sielicki's retirement brought about several internal changes to the department. Scott Cain was promoted from Detective to the rank of Sergeant. Sergeant Cain is responsible for supervising the day to day patrol activities of the department.

David Hersey who has worked part-time for the department since 2011 joined our department full-time and was promoted to the rank of Detective. Detective Hersey was previously employed full-time for the Seabrook Police Department. Detective Hersey still works an assigned schedule like the other full-time officers but splits his time as needed investigating criminal cases.

Officer Wrobleski has begun taking over the department's non-lethal force training and continues to receive training in that area. Any use of force is a high liability area for a police department and his growing experience and dedication to this area is a valuable asset to the town.

We recently encumbered money from the 2014 budget to purchase new handguns for each member of the department as well as new patrol rifles. The weapons we had previously been carrying were almost ten years old and some had been bought used from another department. We also bought ballistic helmets, shields, and external body armor that are designed to protect us from rifle rounds. Upgrading and purchasing this equipment ensures that we have current and reliable equipment to better ensure the safety of the residents and the officers. On behalf of the department I'd like to thank the Board of Selectmen, Budget Committee, and residents for their support of us acquiring this potentially lifesaving equipment.

2014 was also a year of some alarming trends and tragedy for our local law enforcement community. Our county experienced two major critical incidents within approximately a month that included the line of duty death of Patrolman Stephen Arkell of the Brentwood Police Department. The county was also recently designated as a High Intensity Drug

## 2014 Police Department Report

Trafficking Area (HIDTA) by the DEA as a result of an explosion of heroin into our area. Kensington experienced an increase of felony level drug arrests this year and we responded to two heroin overdoses in town within the last few months of the year. It is impossible to believe that our community is not immune to these violent crimes and serious drug offenses and we greatly appreciate the support that we have felt from the community this year while working through these difficult incidents.

Lastly, I'd like to thank the Board of Selectmen for their support and confidence in me to lead the Kensington Police Department. I look forward to continue working with and serving the residents of Kensington and am honored to have been given the opportunity to lead this great police department.

Chief Scott D. Sanders

## 2014 Fire Department Report 2014Kensington Fire & Rescue Annual Report

Ъ

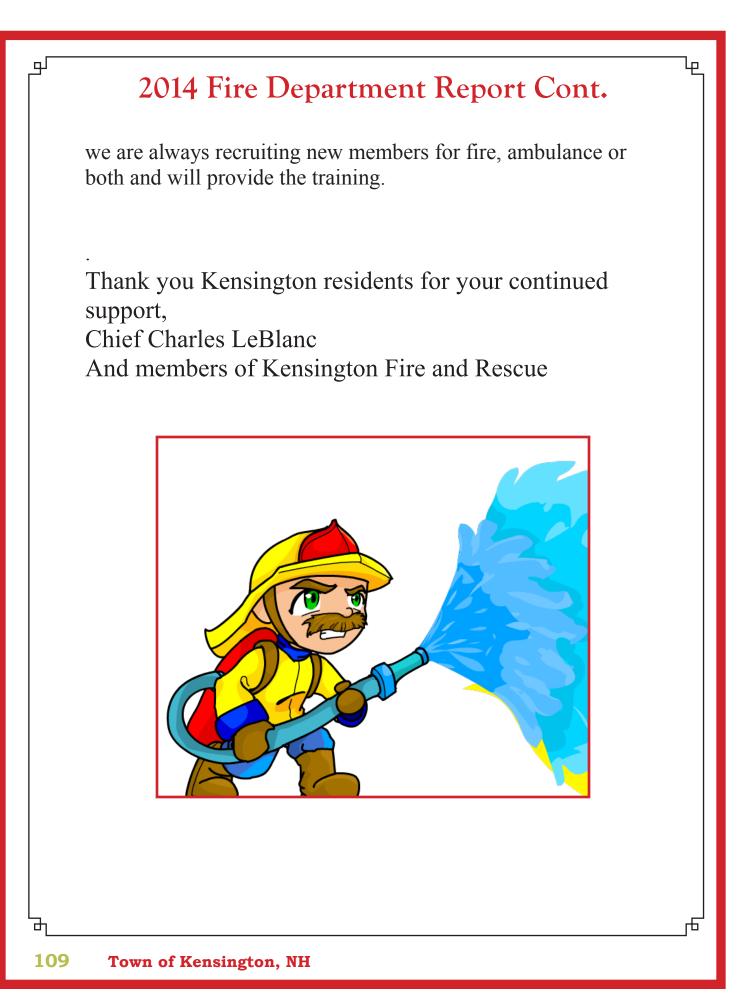

Kensington Fire & Rescue responded to 173 calls during the year of 2014, the majority of these calls are EMS and Vehicle accidents. Our EMTs and firefighters constantly train to keep their skills up. They spend every Thursday evening at the station doing truck checks, equipment repair and maintenance, driver training, EMS and Fire training. They also travel to Exeter Hospital and surrounding towns to train with other members of our extensive mutual aid network. This with the calls included shows how dedicated they are to the Town of Kensington.

Our SCBA'S (self contained breathing apparatus) are getting older and of older technology. They are used for CO activation calls as well as building and vehicle fires. We started replacing them in 2014, 4 were acquired with the sale of the old tanker, 3 more were purchased thru the Fire budget, we hope to have the support of the residents with the Warrant Article to purchase 4 this year. Our end goal is to have enough packs to outfit one for every seat, which will make us NFPA compliant. The Kensington Fire Association has started a fund to help with this donations are very much appreciated.

The current ambulance is a 1998 model and will replaced in the near future. A fund has been established that is funded by patient transports. The new ambulance will be purchased from this fund through a warrant article, with no increase in taxes. This fund also has been used for major equipment purchases.

As always membership is the area that "you" the townspeople can help us with. If you want to help and serve your community

### 2014 Fire Warden Report

Ъ

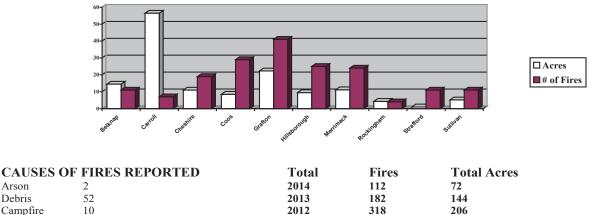

#### **Report of Forest Fire Warden and State Forest Ranger**

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands, work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing <u>ANY</u> outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning, unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local fire department or DES at 603-271-1370 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfl.org.

This past fire season started in early April with the first reported fire on April 7th. April, which is the traditional start to our spring fire season, began very dry with unseasonably dry conditions continuing through the entire month. This dry pattern continued through the first half of May. 80% of our reported fires this season occurred during this six week period. The largest fire was 24 acres, occurring in the town of Tamworth. From mid May through early September, above average rainfall kept our total acreage burned statewide at 72 acres. This is the smallest amount of acreage burned statewide in several years. Late August through late September though brought a dry trend to northern areas, resulting in several deep-burning remote fires. Our fire danger days correlated well with the days that there were fires actually reported. The statewide system of 16 fire lookout towers continues to operate on Class III or higher fire danger days. Our fire lookouts are credited with keeping most fires small and saving several structures due to their quick and accurate spotting capabilities. The towers fire spotting capability was supplemented by the NH Civil Air Patrol when the fire danger was especially high. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2014 season threatened structures, and a few structures were burned, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

## 2014 Emergency Management Report

2014 Annual Report Emergency Management Kensington, New Hampshire

#### Summary:

2014 was a very active year for Emergency Management (EM). Participation with the police department building committee, involvement with the New Hampshire Department of Homeland Security and Emergency Management (DHSEM) and Rockingham Sherriff's department on placement of a new Transmitter/Receiver for improved radio coverage, participation in a graded exercise for Seabrook Station, and receipt of a trailer to be configured for traffic control use by police, fire, and town departments were some of the highlights of EM's year.

#### Staffing:

Emergency Management accepted the resignation of Jason Greene from the position of Deputy Emergency Management Director. Jason's knowledge and participation were greatly appreciated and his involvement will be missed. We thank Jason for his service to Emergency Management and wish him luck in the future.

EM is actively recruiting new members. Feel free to contact me if interested.

#### Significant Achievements:

2014 activities for the EM organization are highlighted here;

Emergency Management attended all the quarterly Seabrook Station (SS) meetings as well as attending all the quarterly Seacoast Preparedness Group meetings. The Seabrook Station meetings keep the EM function informed of ongoing events and or activities at the power plant, allowing interaction with DHSEM, SS and the communities within the Emergency Preparedness Zone (EPZ). The Seacoast Preparedness Group deals with all the health related emergency issues a community would need to deal with in case of widespread illness, catastrophic exposures, widespread inoculations, or widespread testing. These issues could be caused by major natural events, human error, or acts of terrorism.

This was a graded drill year for SS. As a result, EM was active for the majority of 2014 preparing for this significant event. Active participation started early in the year with a Table Top exercise held at the Frank Jones center in Portsmouth. Approximately 250 people participated

44

Ь

### 2014 Emergency Management Report

including local and state police, fire, EM, FBI, Homeland Security, the Coast Guard and SS. The all-day scenario presented dealt with a hostile action targeted against the plant and how the responding organizations found work to resolve the action. Across the remainder of the year, two subsequent tests were performed involving the activation of the Emergency Operations Center at the Kensington Fire House, with the graded drill occurring on November 5, 2014.

Emergency Management applied for and was awarded a grant for a Local Emergency Operations Plan required by FEMA. This plan was last done in 1991, and is a requirement of FEMA if the community wishes to apply for grants. Basically, a whole new plan will be developed to define the way the community deals with emergencies and how it will continue to function, including how to maintain service to residents even if displaced. The focus is on responding to events and the Continuity of Operations Plan (COP) that have to be addressed. The plan is just starting and is scheduled for completion if the fall of 2015.

Emergency Management has received a trailer as a donation from a Kensington resident that will be outfitted with cones and barriers that will be used for traffic and crowd control as needed. Special thank you goes out to the members of the fire department that cleaned out and reworked the interior of the trailer so that the traffic barriers and cones could be secured and be available. The trailer can then be rapidly towed to wherever needed.

#### Next Year:

Ъ

2015 will present a new set of challenges. Primarily focus will be on the completion of the LEOP, finishing the lettering of the EM trailer, working with the fire and police departments on issues, and recruitment and training of new personnel.

### 2014 Cemetery Trustees Report

With ongoing care and maintenance, the cemetery continues to improve. Toby Hale has been conscientious in his care of the lawns and grave sites and the Down To Earth crew helped with the final raking and removal of leaves. During the year, selective tree work was done, especially to the old oak which had selective pruning and feeding. The special Dearborn fence is being sanded and painted by Arthur Wiggin, a long and tedious job that will be completed in 2015. We expect stone straightening and repair to be continued in the coming year, a pressing concern for all the markers and monuments.

Proposed 2015 Cemetery Budget

Ъ

Wages	10,000.00
Supplies	200.00
Fuel	200.00
Equipment Maintenance	250.00
Road Maintenance	250.00
Tree Maintenance	1,000.00
Stone Maintenance	1,000.00
Shed Maintenance	700.00
Fence Maintenance	2,000.00
	15,600.00

### 2014 Conservation Commission Report

### **Annual Report for Kensington Conservation Commission 2014**

The Commission finalized the Natural Resource Inventory (NRI) which is part of the town's master plan. The NRI was presented to the planning board.

The Commission discussed abutter's issues with the Kuegal driveway off of North Road and concerns with the removal of the dam on the Exeter River and how the lowered water table would affect dug wells.

The Commission met with Collin Dyes Hopping regarding his Eagle Scout Project. The Commission discussed various projects and decided on a re-routing of a trail on Meeting House Hill conservation land. The trail needed to be re-routed so that the entire trail was on town property. Collin constructed the new trail, blazed the trail and designed a trail map for the entire property. Collin also installed the new trail map which was placed at the trail head off of Osgood Road.

The Commission worked with the Southeast Land Trust with respect to the Bodwell's interest in protecting their lands with a conservation easement. The Commission accepted a Letter of Understanding between the Commission, Southeast Land Trust and the Bodwells which outlines the responsibilities of each party. The Letter of Understanding also includes each party to contribute \$2,278.67 for a conceptual plan and appraisal.

The Commission reviewed their annual town budget and voted to increase the budget due to an increase in the annual dues to the New Hampshire Association of Conservation Commissions.

The Commission reviewed the annual stewardship reports for the Kimball and Hodges property.

### 2014 Historical Society Report

The Historical Society of Kensington NH Inc celebrated it's 40th year in 2010. It was incorporated on November 10, 1970.

Article 2 states "The object for which this corporation is established is:

> To preserve the historical records of the town; To preserve an maintain its antiquities;

To interest and encourage the younger generation in perpetuating the traditions of the town."

We appreciate the help and support we receive from the people in Town and others that are interested in the Town.

We hope that maintenance of the structures that make the Town what it is will continue and the support to do so will come forth.

### 2014 Recreation Department Report

2014 Kensington Recreational Department Annual Report

Residents of Kensington,

பு

We had another great year in the Town of Kensington! The Recreation Committee, consisting of Janet Bunnell, Donna Carter, Leslie Del Sesto, Jeff Gleason, Sarah Hoffmaster and Jodi Lefebvre, planned a lot of fun events throughout the year that were huge successes!

Our first, in February, is ever popular Father/ Daughter Dance, held at the Kensington American Legion Hall right before Valentine's Day. Every year we have a full house for this event. It is always such a special time for all the girls and their dads. We served refreshments and this year we offered pizza and the opportunity to make sundaes for a dollar! A Jeff Gleason was the DJ and he had the floor packed. The happy screaming was most likely heard throughout the entire town. We look forward to this event every year!

In April, we host our annual "Eggstravaganza" at Sawyer Park. This is always another highly attended event! We spread thousands of eggs throughout the upper field and trails and a separate area for the little ones in the lower fields. The kids take off running and scoop up the eggs just as fast as they can while parents snap photos. Refreshments are served and we have a visit from the Easter Bunny, too. We are grateful for the ladies of the Congregational Church who baked and served. It was a nice time for the adults to visit together.

In July, we organized our annual Olde Homes Days weekend and Town Festival at Sawyer Park. This year we kicked off the weekend festivities with our third annual "Cruisin' Night" at the park on Friday evening. This was our busiest year so far due to advertising in a popular car magazine. We had at least 25 - 30 cars came for all to see and enter our trophy contents - *best in show and judges choice*. We had great oldies music served up by our DJ and committee member, Jeff Gleason.

On Saturday the day started with a 5K in the morning, which was a huge success. Every year our participant numbers get larger and larger! There were over 100 runners this year.

The afternoon was a busy one complete with face painting, pony rides, a corn hole tournament, watermelon eating contest, giant bungee trampolines, meadow bingo, with guest cow Pinky, and finished off with

## 2014 Recreation Department Report Cont.

an amazing fireworks show. We are grateful to our Fire Department for cooking hotdogs and hamburgers and to our neighbors and friends who brought a dish to share.

Ъ

Summer Camp was a success again this year. It ran for 5 weeks with a different theme each week. Each week included a beach day, bowling day and guest speakers for each themed week. Thankfully the

weather was good and we did not have too many rainy days where the kids had to go to the KES gymnasium for shelter. Although they do love the activities they can do at the KES all purpose room too!

Halloween was wildly successful. This year the party was held at the Pinnacle Leadership Center. Generously, the center donated fees for the tents, chairs, and heaters and built a huge bonfire for all of our guests to enjoy. Hidden Brook Farm donated the hay carts and staff for our scary

rides. We were lucky to have Jeff Gleason's experience and creativity setting up the scary scenes for the riders. Music was provided by a DJ and the dance floor was filled all night. Snacks were provided, candy in goody hunt in

piles of hay, and a costume parades & contests held. Great fun had by all!

A new event emerged through collaboration with the Library and Congregational Church. A Senior Social was held at the library on Election Day. This was our first year and we met many new people and had a great time! Coffee and snack were provided and great conversations were had by all!

And last, but certainly not least, in collaboration with the Congressional Church and Hidden Brook Farm, we hosted a Christmas Carol Hay Cart Ride and Tree Lighting event right after Thanksgiving. The event began at Kensington Sawyer Park with singing holiday songs and lighting the Christmas tree. After we boarded hay carts and travelled to the Fire Station, Elementary School, Grange, Universals Church, Town Hall and ended at the Congregational Church with refreshments and live

### 2014 Recreation Department Report

nativity crèche. Again we are grateful to the Congregational Church ladies for their baked goods.

The Recreation Committee meets on the second Wednesday of every month at 7:00PM at Donna Carter Reality and all are encouraged to come. We look forward to hearing your suggestions. If you would like to volunteer to help for one event per year or all events or if you are interested in hearing more about what we are working on, we welcome you to attend one of our meetings.

Sincerely,

لو

Kensington Recreation Department Committee

┏

### 2014 SRRD Report

#### SOUTHEAST REGIONAL REFUSE DISPOSAL DISTRICT 53B

Southeast Regional Refuse Disposal District 53B was established in 1998 under RSA Chapter 53-B. The District is authorized to provide four facilities: recycling, landfill, septage and waste-to-energy. Each member municipality can participate in one or more of the District's facilities and the various costs and expenses are apportioned among the members. Also provided is flexibility in developing solutions to joint solid waste problems.

The District is presently made up of ten member towns: Brentwood, Fremont, Hampton, Hampton Falls, Kensington, New Castle, North Hampton, Rye, Sandown and South Hampton.

The year 2014 has proven to be a busy year for the District. In anticipation of the June 30, 2015 expiration of the current Waste Management contract, the Board hired Dan Hoefle of Hoefle, Phoenix, Gormley and Roberts, as well as CMA Engineering to help the District navigate and negotiate the process of procurement of a new solid waste service contract. The District received three proposals on July 29, 2014: From Covanta, for disposal at the Covanta waste to energy facility in Haverhill, MA; from Ecomaine for disposal at their publicly owned waste to energy facility in Portland, ME; and from Waste Management, Inc. for disposal at the Turnkey Landfill in Rochester, NH or the Wheelabrator North Andover, MA waste to energy facility. The District was successful in obtaining two contracts, one with Covanta at \$61.00 per ton and one from Waste Management at \$61.85. The tipping fee will be further reduced to \$60.25 per ton if the District members deliver 8,500 per tons per year. Each member town will sign a joinder agreement with the provider of their choice. Brentwood, Fremont, Kensington, North Hampton, Sandown and Rye have all signed with Waste Management. Beginning January 1, 2015 they are realizing substantial savings from the 2014 rates of \$72.19 for solid waste and \$87.14 for construction & demolition material.

During this process four member towns announced their intent to withdraw from the District: Hampton, South Hampton, Hampton Falls and New Castle, and will have this issue on their 2015 Town Ballots.

In 2014 Household Hazardous Waste Day events were held on May 17, 2014 in Hampton and on September 13, 2014 in Brentwood. Both events were very successful with Hampton serving 479 households and Brentwood serving 213.

Effective April 1, 2014 the Board of Southeast Regional is as follows:

Chairman	Everett Jordan – Rye, NH
Vice Chairman	Dennis McCarthy – Rye, NH
Treasurer	John Hubbard – North Hampton
Secretary	Alfred Felch – Kensington, NH

I would like to take this opportunity to personally thank the retiring member, Douglas Cowie, for his many years of service to the District.

Respectfully submitted, Everett (Bud) Jordan, Chairman Southeast Regional Refusal District 53B

### Exeter-Squamscott River Local Advisory Report

#### 2014 Annual Report Exeter-Squamscott River Local Advisory Committee

The Exeter-Squamscott River Local Advisory Committee (ESRLAC) is comprised of dedicated volunteers representing the twelve communities in the Exeter-Squamscott River watershed: Chester, Raymond, Fremont, Sandown, Danville, Kingston, East Kingston, Brentwood, Kensington, Exeter, Stratham and Newfields. The Exeter-Squamscott River is one river with two names, reflecting the fresh water (Exeter River) and salt water (Squamscott River) portions of this major tributary to Great Bay.

ESRLAC celebrated its 18<sup>th</sup> year of stewardship of the river and its watershed in 2014. The year was marked by several activities, including on-going discussions with municipalities and state and federal agencies about water quality in the river and its impact on water quality in Great Bay, the review of development proposals along the river corridor, and participation in demonstration projects related to stormwater management. ESRLAC members are very active in their communities, educating residents about water quality, wildlife habitat, and recreational opportunities.

The Exeter-Squamscott River is enrolled in the New Hampshire Rivers Management and Protection Program, a unique partnership between state and local governments and local citizens designed to promote and protect the river's outstanding natural and cultural resources. ESRLAC seeks members from all communities in the watershed. Please call the Rockingham Planning Commission at 603-778-0885 for more information.

### 2014 Planning Board Report

#### **Report of the Planning Board**

2014

Honorable Board of Selectmen

Citizens of Kensington

Ъ

With the assistance of the Rockingham Planning Commission (RPC) the Planning Board has been working on the recodification (reorganization) of the Zoning Ordinance and Land Use Regulations. Included in this is clarifying and adding definitions. Our assistant, Kathleen Felch, has also done a tremendous amount of work on this. This was done to make it easier for all to find and understand the ordinances and regulations. This will be included in the March 2015 warrant articles.

During the town meeting in March 2014, the following things were adopted:

- 1. Defining of Commercial and Industrial Districts by lot was approved,
- 2. The authority to set building permit fees was transferred from the Planning Board to the Board of Selectmen,
- 3. Kensington Floodplain Management Ordinance was adopted, which allowed the town the right to participate in National Flood Insurance Program.

Applications reviewed by the Planning Board this past year included site plans reviews for business, small subdivision plans, driveway permits, and lot line adjustments.

The Planning Board is currently working on a storm water ordinance and regulations.

We continually work to meet the needs and goals of Kensington, as allowed by zoning, subdivision, and site plan review regulations adopted by the Town and Board, respectively. We meet on the third Tuesday of the month at 7:30, and our meetings are always open to the public and we encourage residents to attend.

Respectfully Submitted on behalf of the Planning Board,

Joan Whitney, Vice-Chairman

### 2014 Kensington Public Library Report

#### Kensington Public Library 2014 Annual Report

#### Highlights of the Year:

Ъ

- Library visits up again from last year---6.5%
- Circulation of materials up again from last year---9%
- Interlibrary loan requests from other libraries up
- Very successful summer reading program for kids, teens and adults
- Six educational programs for the community including three partnered with Kensington Historical Society
- Plans for 2015:
- The trustees and librarians will be working on a 3-year strategic plan to improve existing resources and evaluate what we could be doing more effectively to meet the changing needs of the community in the 21<sup>st</sup> century.
  - We sent out a survey to our patrons which gave us valuable information as to what improvements our community wants to see in the Library.
- We are looking to expand our story time hours to include toddlers and babies. Our existing preschool story time will become more interactive including music and "hands-on" activities.

#### New and ongoing activities and events for the Community:

- collaboration between *Womenade* of Greater Squamscott and local knitters to decorate the town with knitted objects for the month of April. Donations were made to *Womenade* to support people in the Seacoast area with short term financial assistance.
- telescope (donated through a grant from the NH Astronomical Society) that can be borrowed by patrons for outside viewing
- a talk and demonstration by Kevin Gardner on the art of stone wall building
- a presentation on Russian Nested doll making by a noted Russian history expert, Marina Forbes, followed up by a family arts day where kids and adults made their own dolls
- an informative talk on the Founding Fathers in 1787 by Richard Hesse
- Richard Rubin, the author of *Last of the Doughboys: The Forgotten Generation and their Forgotten World War.*
- an enlightening forum on the Middle East and its past and present conflicts moderated and led by three Phillips Exeter Academy professors
- an outside "Skywatch" with three members of the NH Astronomical Society that included children and adults preceded by an indoor presentation on the night sky
- monthly book clubs facilitated by a staff member
- six evening events for children during the summer
- movie afternoons for children on early release days from school
- almost weekly after-school events for children ranging from Lego club to holiday craft making
- a craft night for adults
- after school movies for kids
- preschool programs on Tuesdays at 10:30 am and Thursdays at 1:00 pm.

### 125 Town of Kensington, NH

## 2014 Kensington Public Library Cont.

- summer Reading Program
- weeding of collection

Ъ

- purchasing of new titles in a variety of formats
- one-on-one technology assistance for patrons when needed
- Interlibrary Loan service
- weekly Knitting circle

#### **Staff and Trustee Changes:**

Lindsey Myers resigned as children's librarian in December to move back to Ohio. We will miss her but are thrilled that Christine Powers, who has been at the library for over two years, will replace her. Dana Donovan, who served many years as asst. librarian, has returned to her former part time position.

#### Workshops Attended by Staff:

Midwinter American Library Association Meeting in Philadelphia NH Small Library Conference "Active Shooter" Training in Stratham attended by all staff New Hampshire Library Association Annual Meeting Children's Librarians of New Hampshire Annual Meeting Technology and Website Training offered through the NH State Library

#### Friends of the Library Contributions:

Two beautiful gift baskets that were raffled off at the Holiday Fair Spring Book/Bake/Plant Sale Summer long Heirloom tomato sale at the Library Summer Reading Program performance sponsorship Kids activities at Kensington Christmas Fair table Flower boxes in front of the Library changed and maintained with seasonal plantings

Thanks to Harold Bragg who continued his work on grading the parking in the front of the library which has greatly improved the area.

We would also like to thank all those who have been so generous in giving either cash or book donations.

### 2014 County Report

### Rockingham County Commissioners

119 North Road Brentwood, New Hampshire 03833

> Thomas Tombarello, Chair Kevin L. Coyle, Vice Chair Kevin St. James, Clerk

2015 Budget Proposal

January 15, 2015

To the Towns, City, and Elected Officials of Rockingham County:

Enclosed please find the Rockingham County Commissioners 2015 budget proposal. The budget of \$79,811,912 reflects an increase from last year of \$1,274,288 or a 1.6 percent increase on the County budget. Over half of the increase in the budget relates to additional costs imposed by the State for assistance to the elderly and disabled residents of Rockingham County.

The County's single largest expense of \$17,332,000 is mandated by the legislature and relates to care for the elderly and disabled in Rockingham County. This increased 4.2 percent or \$693,532 over last year appropriations in categorical assistance alone. We don't know yet what the effect of the State's managed care program will be on the nursing home, but any increased costs associated with the implementation of this new program may increase taxes. We are concerned that having to work with multiple Managed Care Organizations will increase our administrative burden. These costs are fixed by the New Hampshire Legislature as part of their biennial budget process; the County has no control over these costs or their increases.

Pay and benefits account for 56 percent of the Rockingham County budget. As part of this year's budget we have included a modest pay increase for our non-union employees. Additionally, during 2014 we successfully completed negotiations with six out of the seven union bargaining units, and hope to resolve a contract with the final bargaining unit in 2015. The County also faces a state imposed increase in employer retirement costs. On the positive side, the County has continued to self-fund its health plan which means cumulative health insurance costs will decrease slightly. The budget maintains the same number of employees.

The Commissioners look forward to working with the cities and towns and the legislative Delegation to continue to provide countywide services at reasonable costs. The Commissioners want to thank our department heads and all the state legislators who worked on this budget.

The enclosed attachment provides the details of our budget. Please know your ideas and thoughts are always appreciated and encouraged.

Sincerely, Mman-N. Iam Thomas N. Tombarello, Chair

Ken & caple Kevin L. Çoyle, Vice Chair

Kevin P. St. James, Clerk

### 2015 KES Deliberative Session Minutes

### Kensington School Deliberative Session February 4, 2015

Community members gathered in the Kensington Elementary School Multipurpose Room. School District Moderator, Keith Johnson, called the session to order at 6:06 pm.

Mr. Johnson welcomed community members. He explained that Kensington is an SB2 town which has two sections to the process: the deliberative session, which is the opportunity to amend the warrant and the second session, voting to be held on March 10, 2015. Mr. Johnson led the meeting in a salute to the flag. He then introduced the School Board members, Barbara Darby, Stacy Surprenant, Dennis Roffman, as well as Associate Superintendent Paul Flynn, Principal Rebecca Ruel, and School District Clerk Susan Lalime.

Mrs. Darby welcomed community members and shared that this was her 3<sup>rd</sup> and final year on the School Board. She read the warrant as follows:

#### KENSINGTON SCHOOL DISTRICT WARRANT, 2015-2016

To the inhabitants of the School District of Kensington, County of Rockingham, State of New Hampshire, qualified to vote upon District affairs:

You are hereby notified to meet as follows:

Ъ

**FIRST SESSION**: At the Kensington Elementary School in said Kensington on Wednesday, February 4, 2015 at 6:00 p.m. for explanation, discussion, debate, and possible amendment of the following warrant articles:

- 1. Shall the District raise and appropriate an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, for the purposes set forth therein, totaling \$2,430,531? Should this article be defeated, the default budget shall be \$2,5006,068 which is the same as last year, with certain adjustments required by previous action of the District or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board recommends \$2,430,531 as set forth on said budget.)
- 2. To hear reports of agents, auditors, and committees or officers heretofore chosen.
- 3. To transact any other business which may legally come before the meeting?

**SECOND SESSION**: At the Kensington Elementary School in said Kensington on Tuesday, March 10, 2015 to choose the following School District Officers: One School Board Member for a three year term, One School District Auditor for a one year term, and vote on article 1 above, as this article may be amended at the First Session; by ballot, the polls to open at 8:00 a.m. and to close no earlier than 7:30 p.m.

Given under our hands at said Kensington on this 16<sup>th</sup> day of January, 2015.

### 2015 Deliberative Session Minutes

KENSINGTON SCHOOL DISTRICT SCHOOL BOARD:

Barbara Darby

٩Г

Stacy Surprenant

Dennis Roffman

Mrs. Darby highlighted some areas of the budget.

Projected enrollment for SY 2015-2016 is 118 which is down from 128 this year.

She reviewed enrollment numbers for each grade. There will be a single section of grades k thru 4 and 2 sections of grade 5. Special Education students with IEPs make up approximately 10% of the student enrollment.

Two fulltime teaching positions have been eliminated.

Two Special Education positions have been eliminated.

The Library Assistant position has been reclassified to Media Specialist.

The STEM position has been reclassified to a 60% teaching position.

The number of buses has been reduced from three to two, which will be a significant savings. Buses will no longer stop "door to door' on side streets, bus stops will be created with the assistance of District Transportation Coordinator.

The budget has been reduced by 7% compared to 4.3% last year, and 9% the year before. Mrs. Darby reviewed specific items by page.

On page 1 she spoke to the reduction in Special Education which includes the elimination of Special Education Aide positions and she shared that an out of district placement is no longer necessary.

Mrs. Darby reviewed changes on pages 4, 5, and 6. She noted that under the Maintenance Salary line the savings is attributed to benefit savings using two part time people instead of one full time person. Health insurance rate changes and teachers paying more into their benefits also attribute to savings.

#### Mrs. Darby asked for questions from the floor:

Mr. Douglas Almon – Wild Pasture Rd., Asked why enrollment is going down.

Mrs. Darby explained that Kensington is not an inexpensive town for young families, but also those families moving in to town seem to be those with very young children or students at the middle or high school. She shared that Exeter hired a demographer to analyze trends, and that she could not speak to exactly why families weren't buying in Kensington. He also asked if people are working only part time in Kensington, where they working the rest of the day? Mrs. Darby could not reply other than her knowledge of those employed at KES.

Б

### 2015 KES Deliberative Session Minutes

Mrs. Kathy Felch – Amesbury Rd., asked how many students were in each class. Mrs. Darby said the School Board likes to see class size average 14-17 students.

There are: 3 Preschoolers 18 Kindergarteners 19 Grade 1 14 Grade 2 17 Grade 3 21 Grade 4 14 Grade 5 Section 1 13 Grade 5 Section 2

Ъ

The Board feels they are making progress in keeping class size down. It was emphasized that the determination of class sizes is not simply based on the number of students in the class, but there is also the dynamic of the students and their needs to consider.

Mrs. Maggie Kilcoyne – Osgood Rd., asked about the allocations for the Charter School. Mrs. Darby said there were none made.

Mrs. Patrice Baker – Amesbury Rd., asked what the STEM position was. Mrs. Darby explained that KES currently uses a paraprofessional to offer STEM to students. It is based on the Common Core and NH Standards. The Board felt it was in the best interest of the school and students to have a certified educator in that position. STEM = Science, Technology, Engineering, Math.

Mr. Rick Waldron – Cottage Rd., asked what the teacher's certification will be. Mrs. Ruel said someone who has their certification as a technical integrator. There is not an actual STEM certification, but the person needs to hold an elementary teaching certificate and a technical integration certificate.

Mr. Bob Long – French's Lane, asked about science and technology and the Common Core. Mrs. Ruel said they use different models to look at resources with technology.

Mrs. Darby shared that the cost per pupil at KES is \$18,000 compared to \$15,000 in Exeter. This is the highest in the district. The formula used to calculate the cost is not based solely on budgets and enrollment. Also factored in are retirement benefits for teachers and custodians. Mrs. Darby said there are no retirements planned for the upcoming year, so the number should go down.

Mrs. Marilyn Niles – French's Lane, asked what the enrollment numbers were for next year. Mrs. Darby said current projections are 118 with grade 5 being the largest with 27 students.

2014 Annual Report 140

Б

### 2015 KES Deliberative Session Minutes

The number of kindergarten students coming in to KES is not enough to cover the number of students moving up to CMS. The board is very mindful that enrollments continue to decrease. Mrs. Darby also shared that with fewer students needs for space change, and there are opportunities for revenue such as offering a preschool and charging tuition. Other options include renting space, sharing resources or even administrators. Mrs. Darby said people moving into the community are still drawn to KES and what it has to offer.

There was discussion regarding the 2014 annual report, which should be found on the SAU website, but was not. Mrs. Darby believed it was.

Mrs. Niles also asked whether the school owns the land it is on.

Mrs. Donna Carter – Amesbury Rd., said it is owed by the Kensington School District.

Mrs. Felch asked why the default number is not the same as the past budget. Mrs. Darby explained that it is their best projection using the last year's budget and the additional amounts required by the state to cover mandated increases.

There were no additional questions and no additional discussion.

School District Moderator, Mr. Johnson, accepted the Warrant as proposed for the ballot to be presented on March 10, 2015.

On behalf of the School District, Mrs. Surprenant thanked Mrs. Darby for her hard work and dedication for her service to the Kensington School District. Mrs. Darby was presented a plaque.

On behalf of herself and the KES staff, Mrs. Ruel thanked community members for attending.

The Deliberative Session was adjourned by Mr. Johnson at 6:40pm.

Respectfully Submitted,

Susan M. Lalime Kensington School District Clerk

# 2015 KES Default Budget

பு

**New Hampshire** Department of Revenue Administration

2015 MS-DS

### **DEFAULT BUDGET OF THE SCHOOL**

Default Budget for the Fiscal Year from July 1, 2015 to June 30, 2016

**RSA 40:13, IX (b)** "Default budget" as used in this subdivision means the amount of the same appropriations as contained in the operating budget authorized for the previous year, reduced and increased, as the case may be, by debt service, contracts, and other obligations previously incurred or mandated by law, and reduced by one-time expenditures contained in the operating budget. For the purposes of this paragraph, one-time expenditures shall be appropriations not likely to recur in the succeeding budget, as determined by the governing body, unless the provisions of RSA 40:14-b are adopted, of the local political subdivision.

This form was posted with the warrant on: 1/16/15

#### Instructions

1. Use this form to list the default budget calculation in the appropriate columns.

2. Post this form or any amended version with proposed operating budget (MS-26 or MS-27) and the warrant.

3. Per RSA 40:13, XI, (a), the default budget shall be disclosed at the first budget hearing.

For Assistance Please Contact:

## 2015 KES Principal's Report

╈

## Kensington Elementary School

122 Amesbury Road · Kensington, NH 03833 · Phone (603) 772-5705 · Fax (603) 775-0502

## Report of the Principal 2014

It is with great pride that I submit this letter on behalf of the Kensington Elementary School. This past year was one of significant change at KES as the school said goodbye to several dedicated and long-standing staff members. I am excited to welcome the nine new staff members that have joined the KES family and appreciate the energy, enthusiasm and innovative ideas they bring with them to school everyday. Please welcome - Michelle Aiken (Administrative Assistant), Matt Andrews (Director of Building and Grounds), Sarah Dawson (Grade 3), Cheri Eastwood (Library Assistant), Ruel Alkuino (Evening Custodian), Wayne Felch (Evening Custodian), Deb Marelli (Kitchen Assistant), Kate Satow (Paraprofessional) and Tanya Simard (ESOL Teacher).

In 2014, Kensington Elementary School was honored to receive the Blue Ribbon Award from the New Hampshire Partners in Education for the 20th consecutive year. This award is given annually to schools in New Hampshire that demonstrate extraordinary achievements through the efforts of school volunteers. The students at KES are fortunate to have such dedicated parents, family members, friends, and other community residents who graciously donate their time each week to share their passions and expertise with our young, inquisitive minds. The care and compassion that is modeled by our volunteers continues to inspire our school to give back to our local community. In 2014, the students and families of KES contributed to many local charities and organizations including *The Exeter Children's Chamber Fund, Jeans for Teens, St. Vincent dePaul's, UNICEF,* and *End 68 Hours of Hunger* to name just a few.

The students at Kensington Elementary School continue to achieve high levels of academic success as evidenced through their performance on both local and state assessments. There have been significant shifts in our curriculum expectations with the adoption of *New Hampshire's College and Career Ready Standards* which include three main components; knowledge, skills, and work study practices. Teachers at KES are cognizant of these curricular changes and are ensuring that students are readily acquiring the attributes they need to be successful learners and able to collaborate, communicate, think critically and solve problems in the world around them. Teachers and students are also preparing for the *Smarter Balanced Assessment* which will be administered for the first time in New Hampshire public schools this spring.

Having worked in several other schools in New Hampshire towns, I can assure you that Kensington Elementary School is a special and unique place. From the moment you enter the building, the positive energy and sense of true community is immediately evident here at KES. It is a school where everyone is committed to taking care of each other, everyday. I recently

Ъ

## 2015 KES Principal's Report Cont.

asked the students at KES what made this such a great school. Here were their responses:

"Everyone is kind to each other and everyone gets along." - 3rd grader

"We learn new things everyday and we get to play with each other." - 3rd grader

"In my opinion, KES is the greatest because the teachers help us and you learn so much." - 5th grader

"I get to see Mrs. Lawler everyday." - 2nd grader

I would also like to extend my sincerest thank you to the members of the Kensington School Board and all of the local town agencies and organizations who have extended a warm welcome to me this past fall as I began my new role as principal of KES. I look forward to continuing positive relationships with the Kensington Public Library, Police Department, Fire Department, KYAA, and Kensington Recreation Department as we all have a shared commitment and desire to serve the families and children of Kensington. Together, we can, and will provide a high quality, comprehensive education in a safe and secure learning environment for our students.

Respectfully submitted,

Becky Ruel, Ed.S. Principal

## 2014 KES Deliberative Session

#### Kensington School Deliberative Session February 6, 2014

The moderator, Bob Solomon called the session to order at 6:04 pm. Mr. Solomon welcomed community members. He explained that Kensington is an SB2 town which has two sections to the process: the deliberative session, which is the opportunity to amend the warrant and the second session, voting to be held on March 11, 2014. Mr. Solomon led the meeting in a salute to the flag. He then introduced the School Board members, Barbara Darby, Stacy Surprenant, Gary Bonitatibus, as well as Associate Superintendent Paul Flynn, Principal Barbara Switzer, and School District Clerk Susan Lalime

Mr. Solomon read the Warrant as follows:

Ъ

 Shall the district raise and appropriate an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, for the purposes set forth therein, totaling \$2,613,439? Should this article be defeated, the default budget shall be \$2,774,379 which is the same as last year, with certain adjustments required by previous action of the District or by law or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board recommends \$2,613,439 as set forth on said budget.)

Mr. Bonitatibus addressed the meeting and thanked everyone for coming. He explained that Board members held 6 meetings and worked very hard to create the budget. He said there are certain items that cannot be cut due to mandates. He reviewed some of the items that voters may have questions on.

He shared that the teacher salary figure is down due to a retiring staff member, this position will not be replaced. All regular instructional aide positions have been eliminated. The budget for teaching supplies has been reduced and parents will now be relied upon to provide classroom supplies for their students. The Special Education budget has been reduced by half of a special education teacher salary, which still provides the required number of staff. Mr. Bonitatibus went on to explain that there will be a large increase in cost for out of district placement for special education students. The district is federally mandated to provide services for students age 3 and up. The Board is looking into options for sending students to another district, but they are still in the research phase. Mr. Bonitatibus spoke about small salary increases which are mandatory. He explained that the library needs to have a certified librarian and this salary has been cut as hours were reduced. He shared that the line item for print media is lower due to the decline in enrollment and the need to purchase fewer books. There is a slight increase in the data and internet expense as it is necessary for updates. Mr. Bonitatibus noted that incoming school secretary will start at a lower pay rate as well as a reduction in benefits. He shared that there is no reserve account for repairs and maintenance and the Board must be mindful of routine repairs and service. Mr. Bonitatibus spoke to the updates being made in an effort to comply with new safety policies, such as keyless entry, number placement on windows, and new safety glass for doors. These changes help to protect the students, staff, and the school. Mr. Bonitatibus shared that the Board did look into cutting a bus, which would be a \$25,000 savings, however since the buses are required to stop whether there is a waiting student or not, the bus ride was increased for some students to over an hour. Another issue with the longer bus ride was the start time for school would need to be changed and since KES shares buses that are needed for CMS and EHS, this issue made the option impossible. Mr. Bonitatibus shared that the Board really tried to make that savings work there were just too many outside factors preventing it. The special education transportation increase is due to the requirement to provide transportation to students ages 3 and up.

He shared that food services made \$4,183.54 last year and is funded by students participating. The budgeted funds are there in case there is a need for equipment replacement of any kind.

Mrs. Niles asked about the special education increase and how many children are being served. Mr. Flynn explained that there may be a need for an out of district placement if KES cannot meet the required need(s) of a particular student(s) and it is necessary to make accommodations for either residential placement or day-type placement.

P

## 2014 KES Deliberative Session Minutes

Ь

Mrs. Felch asked what the enrollment is this year. There are 135 students this year and at this time, 122 students are expected for next year. Mrs. Felch also asked about hiring a new teacher for second grade, and how many students are in classes. Mr. Bonitatibus explained that there will no longer be instructional aides in the classrooms and there are currently anywhere from 11 to 16 students per class. He also shared that the Board is exploring the option of combining grades if necessary. but at this time there is no plan to hire any teachers.

Mrs. Niles asked if the expense of \$19,000 per student was average compared to other towns. Mr. Flynn explained that cost per pupil is actually about \$15,000 and yes, it is close to the cost of area towns such as Exeter's Lincoln Street School at \$14,600, Stratham and Brentwood are at approximately \$14,000. He explained they are all about the same based on the report the state uses. He also shared that debt structure plays a big role.

Mrs. Niles shared her concern that in the ten years she has lived in Kensington costs have continued to increase and she wondered whether the community could continue to support the school. Mr. Bonitatibus explained that the budget is down 4.2% this year and there are some things that just cannot be cut. There has been discussion about merging schools, however, although enrollment at KES is dropping, other area school enrollments are holding strong including the middle and high schools. It was expressed that a factor to be considered is that the housing prices in Kensington are not conducive to new families with young children and those families are choosing other area towns instead.

Mrs. Felch asked what the average cost per student was in the state. Mr. Flvnn did not know the answer, but said the information could be found on the state website. Mr. Bonitatibus was asked about the option of one principal for two schools or a principal/teacher. He said it is something to be looked into, but not something to be moved into quickly without research

Mrs. Bonitatibus asked whether the state reimburses the district for special education. Mr. Flynn said that the costs must be 3 times the cost per student and usually in excess of \$60,000 before the state will help. He shared that there is very little catastrophic aid.

Mr. Solomon asked for any additional questions or comments. He asked for any amendments. There were none.

Mr. Solomon said the Warrant will move forward to the voters on March 11. 2014 as written.

Mrs. Darby presented Mr. Bonitatibus with a plaque and thanked him for his service to the Kensington School community.

Mr. Solomon adjourned the deliberative session at 6:40 pm.

Respectfully Submitted,

Ъ

## 2015 ERCSD Warrant

### **Regional School: Exeter Coop**

### New Hampshire

### Warrant and Budget

### 2015

To the inhabitants of the of Exeter Region Cooperative School District in the County of Rockingham in the state of New Hampshire qualified to vote in school district affairs are hereby notified and warned that the two phases of the Annual School District Meeting will be held as follows:

First Session of Annual Meeting (Deliberative Session): Date: February 5, 2015 Time: 7:00 PM Location: Exeter High School Details: In the Arthur L. Hanson III Center for the Performing Arts Center

Second Session of Annual Meeting (Official Ballot Voting) Date: March 10, 2015 Locations:

VOTERS IN TOWN OF	POLLING PLACE	POLLING HOURS
Brentwood	Recreation Center	8:00 AM to 7:00 PM
East Kingston	East Kingston Elementary School Multi-purpose Room	8:00 AM to 7:00 PM
Exeter	Talbot Gym Tuck Learning Campus	7:00 AM to 8:00 PM
Kensington	Kensington Elementary School	8:00 AM to 7:30 PM
Newfields	Newfields Town Hall	8:00 AM to 7:00 PM
Stratham	Stratham Municipal Center	8:00 AM to 8:00 PM

#### Article 01:

ф

Ъ

Shall the District raise and appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$55,721,982? Should this article be defeated, the operating budget shall be \$55,962,349, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board and Budget Advisory Committee both recommend \$55,721,982 as set forth on said budget.)

### 167 Town of Kensington, NH

Ъ

## 2015 ERCSD Warrant

#### Article 02:

Ъ

Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Area Paraprofessional Association covering the three-year period from September 1, 2015 to August 31, 2018 which calls for the following increases in salaries and benefits at the current staffing levels:

Year	Estimated	Increase

2015-16	\$ 95,242
2016-17	\$ 96,674
2017-18	\$ 97,723

and further raise and appropriate the sum of \$95,242 for the 2015-16 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? Pursuant to RSA 273-A:12, if approved, the terms of this collective bargaining agreement, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School Board and the Budget Advisory Committee both recommend this appropriation.)

#### Article 03:

To see if the school district will vote to establish a Synthetic Turf Replacement Capital Reserve Fund under the provisions of RSA 35:1 for replacement of the synthetic turf field located at Exeter High School and to raise and appropriate the sum of up to \$50,000 to be placed in this fund. Further, to name the Exeter Region Cooperative School Board as agents to expend from said fund. This sum to come from June 30 undesignated fund balance available for transfer on July 1. No amount to be raised from taxation. (The School Board and the Budget Advisory Committee both recommend this appropriation.) Majority vote required.

#### Article 04:

(By Citizens Petition) "Shall the Exeter Region Cooperative School District require the adoption of a policy for the Cooperative Middle School that prohibits student use of personal electronic communication devices during the hours that the Cooperative Middle School is in session? Such a policy would neither prohibit the use of devices provided by the School District that support the teaching and learning environment nor would the policy prohibit personal devices that are identified by school administrators for Individual Education Plans or for accommodations under a Section 504 Plan." (The School Board does not recommend the article.)

#### Article 05

To hear reports of agents, auditors, and committees or officers heretofore chosen.

#### Article 06:

To transact any other business which may legally come before the meeting.

#### The following positions are open for School District elections:

School District Moderator	1-year Term Expiring 2016
School District Board Member (Exeter)	2-year Term Expiring 2017
School District Board Member (Exeter)	3-year Term Expiring 2018
School District Board Member (Kensington)	2-year Term Expiring 2017,
School District Board Member (Newfields)	3-year Term Expiring 2018,
School District Board Member (Stratham)	3-year Term Expiring 2018
Budget Committee Member (Exeter)	3-year Term Expiring 2018,
Budget Committee Member (Stratham)	3-year Term Expiring 2018,
Budget Committee Member (E. Kingston)	3-year Term Expiring 2018

# 2014 ERCSD Auditor's Report

### **PLODZIK & SANDERSON**

Professional Association/Accountants & Auditors

193 North Main Street • Concord • New Hampshire • 03301-5063 • 603-225-6996 • FAX- 603-224-1380

### **INDEPENDENT AUDITOR'S REPORT**

To the Members of the School Board Exeter Region Cooperative School District Exeter, New Hampshire

Щ

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, major fund, and aggregate remaining fund information of the Exeter Region Cooperative School District as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the School District's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, major fund, and aggregate remaining fund information of the Exeter Region Cooperative School District as of June 30, 2014, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

**Required Supplementary Information** - Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis (pages 3 through 9) and the Schedule of Funding Progress for Other Postemployment Benefit Plan (page 32) be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers them to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or

÷

# 2014 ERCSD Auditor's Report

Exeter Region Cooperative School District Independent Auditor's Report

historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Other Information** - Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Exeter Region Cooperative School District's basic financial statements. The combining and individual fund financial schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

### **185** Town of Kensington, NH

MINUTES OF THE EXETER REGION COOPERATIVE SCHOOL DISTRICT FIRST SESSION OF THE 2014 ANNUAL MEETING DELIBERATIVE SESSION – THURSDAY, FEBRUARY 6, 2014 – 7:00 PM EXETER HIGH SCHOOL ARTHUR HANSON III CENTER

ERCSD BOARD MEMBERS PRESENT: Kate Segal – Chair – Exeter Mark Portu – Stratham Helen Joyce – Stratham Alicia Heslop – Newfields

Kathryn Clark – Kensinaton

பு

Dave Miller – Vice Chair – East Kingston Linda Garey – Brentwood Darrell Chichester – Exeter Maggie Bishop – Exeter

ADMINISTRATION: Michael Morgan, Superintendent Amy Ransom – Business Administrator

CHAIR BUDGET ADVISORY COMMITTEE: David Pendell ERCSD Clerk: Susan Bendroth

Moderator Kate Miller called the meeting to order at 7PM followed by the Pledge of Allegiance led by CJ Lamline, senior class president. She introduced the board members, administration and other parties. She recognized Kate Segal and Michael Morgan who in turn recognized Kathryn Clark, Mark Portu and Dave Miller thanking them for serving on the board and acknowledging their individual contributions. Moderator Miller reviewed the purpose, rules and procedures for the meeting.

### Moderator Miller read Warrant Article #1:

Warrant Article #1: Shall the District raise the appropriate as an operating budget, not including appropriations by special warrant articles and other appropriations voted separately, the amounts set forth on the budget posted with the warrant, or as amended by vote of the first session, for the purposes set forth therein, totaling \$54,385,508? Should this article be defeated, the operating budget shall be \$53,941,272, which is the same as last year, with certain adjustments required by previous action of the District or by law; or the governing body may hold one special meeting, in accordance with RSA 40:13, X and XVI, to take up the issue of a revised operating budget only. (The School Board and Budget Advisory Committee both recommend \$54,385,508 as set forth on said budget.)

Kate Segal, Exeter, motioned the article.

Maggie Bishop, Exeter, seconded.

Amy Ransom, Business Administrator, explain the warrant article reviewing tax impact, default budget, increase in special education and decrease in grants. Krista Steger, Brentwood, asked if student enrollment was taken into account, special education and capital improvements as the increase is hard to swallow. Ь

Kate Segal, Exeter, acknowledged that we are a community that supports all students and indeed the board has gone over the budget with a fine tooth comb to keep the increase at a minimum out of respect for the citizens in the community.

Michael Morgan, Superintendent, stated that over the last 6 years 10 teacher and 2 administrator positions have been eliminated as well as reducing paraprofessional time.

Jim Johnson, Brentwood, questioned the transparency of the board in reference to monies being given back by the Local Government Center.

Bob Mantegair, Brentwood, continued by expressing concern on about the burden placed on the voters and to look at the waste and cut. This budget is not responsible and not sustainable.

Dick Pendell, Budget Chair, and Michel Morgan, Superintendent, both talked about the amount of money that it takes to educate students, where the Coop falls in the state and our size.

Helen Joyce, Stratham, added that the board is looking into alternative ways of educating students at the high school.

Darrell Chichester, Exeter, commented that he has been on the board for only one year and encouraged citizens to attend all meetings so they would understand the whole process and all the considerations.

Craig Steger, Brentwood, questioned why this meeting was scheduled for the same time as Swasey and asked if the monies not spent this year would be rolled over and if so why is there an increase on top of that.

Michael Morgan, Superintendent, responded by saying this meeting was scheduled in advance and the Swasey meeting is a snow date. The budget is almost 97% accurate so there is only about a 2 to3 % surplus, which he interpreted as having done a pretty good job.

Lucy Cushman, Stratham, wanted the audience to know that not everyone at the meeting is from Brentwood and that this budget represents a proposed 3.2% increase not a 4.1% as alluded to earlier. She reflected on being a part of the Coop from the beginning and continuing to be a member of the budget committee and the need to maintain the buildings. It is never a good time for an increase and is a hard balancing act but it needs to be done.

Chris Suprock, Exeter, made a motion to to flatten the budget total to 50,000,000 with the need to be creative and put our thinking caps on.

Jim Johnson, Brentwood, seconded.

Dave Miller, East Kingston, acknowledged this would knock off almost 4.4% of the budget and have a major impact.

Lucy Cushman, Stratham, stated that the default budget is 53,941,272 so a cut like that would make a serious change on the level of education.

Helen Joyce, Stratham, stated as a retired educator a cut like that would devastate the education at the middle and high school level affecting class sizes, teachers, sports teams and clubs encouraging people to not vote in favor

đ

of this motion.

பு

Chris Suprock, Exeter, argued that it would not devastate our students, it would force us to be more frugal and make some tough decisions. It is not unreasonable but a wise and prudent decision.

Michael Morgan, Superintendent, stated that a lot of our teachers live here. Arthur Baillargeon, Exeter, asked what a 8 or 9% cut would do.

Michael Morgan, Superintendent, expressed concern about where that would come from.

Dave Miller, East Kingston, expressed his dislike for the motion.

Kathryn Clark, Kensington, acknowledged the frustration that is being expressed but commented that an excellent education can make a difference.

Mark Portu, Stratham, thanked everyone for the discussion but disagreed with the motion. He encouraged the voters to support the board and budget committee model by accepting the budget and continue the process of making changes in the delivery of education but not make those changes without a plan.

Dave Pendell, Budget Chair, stated how irresponsible it would be to vote for this motion without knowing what goes. He felt strongly that it would be burning education for the future.

Chris Suprock, Exeter, stated that you should not keep increasing the budget. Craig Steger, Brentwood, commented on his recent tour of the high school and how every classroom has some of the most expensive computers.

Bill Ball, Exeter, commented that all the towns demand and depend on our excellence and if you are going to be great there is a cost that goes with that. Roy Morrisette, called for the vote.

Moderator Kate Miller declared the nays appeared to have it.

Krista Steger, Brentwood, made a motion to reduce the budget by 500,000.00 to 53,885,508.00.

Jim Berlo, Brentwood, seconded.

Lucy Cushman, Stratham, repeated that once again this is less than the default budget and maintenance would be the first to go.

Krista Steger, Brentwood, was not in favor of cutting out the capital reserve but was asking the board the look at line items, start thinking and squeeze a little. Bob Mantegair, Brentwood, moved to vote.

Jim Berlo, Brentwood, seconded.

Moderator Kate Miller declared the nays appeared to have it.

Liz Faria, Brentwood, made a motion to amend the budget to 54,000,000 with a reference to the money budgeted for GBECS.

Bob Mantegair, Brentwood, seconded.

Mark Portu, Stratham, didn't change the model at GBECS but tried to keep it proportional with the number of students.

Lucy Cushman, Stratham, stated that she is a convert and strong supporter of GBEC. The majority of the students are from our district and it costs about \$8,000

Ь

₽

Lp.

Ъ

to \$9,000/student. We can pay a little now or a whole lot more later. Jim Johnson, Brentwood, not in favor of cutting GBECS.

A vote was taken and Moderator Kate Miller declared the nays appeared to have it.

Moderator Miller noted the article would be placed on the ballot as presented without any changes.

Moderator Miller read Warrant Article #2:

Ъ

Warrant Article #2: Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Area Administrators' Association covering the three-year period from September 1, 2014 to August 31, 2017 which calls for the following increases in salaries and benefits at the current staffing levels:

Year	Estimated Increase
2014-15	\$ 49,613
2015-16	\$ 34,856
2016-17	\$ 35,553

and further raise and appropriate the sum \$49,613 for the 2014-15 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? Pursuant to RSA 273-A:12, if approved, the terms of this collective bargaining agreement, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed. (The School board and the Budget Advisory Committee both recommend this appropriation.)

Helen Joyce, Statham, motioned the article.

Linda Garey, Brentwood, seconded.

Helen Joyce, Stratham, addressed the article explaining these negotiations were made with the recommended outcome being fair to the administrators and sensitive to the taxpayers. She reviewed the salary raises, changes in medical coverage and other compensations.

Eric Antisell, Exeter, wanted clarification that this contract was for administration only.

Skip Williamson, Brentwood, questioned the salary and benefits contributions. Michael Morgan, Superintendent, sees this contract as a savings as the employees are paying more.

Bob Mantegair, Brentwood, asked about the cost difference from last year and whether the board had considered a contract shorter than 3 years with the potential health insurance changes.

Michael Morgan, Superintendent, answered that employees are currently paying 15% and with the new contract it would be 20%. The average salary for a

### **189** Town of Kensington, NH

full time administrator is \$90,000.00 with 7% of the salary by law going into New Hampshire retirement.

Brian West, Brentwood, asked about the \$1,500.00 sum toward a doctorate? Do all administrators need a doctorate?

Linda Garey, Brentwood, responded by saying we encourage our administration to further their education.

Darrell Chichester, Exeter, added that we encourage individuals to do the best that they can.

Dave Miller, East Kingston, acknowledged his point. This is a rare situation affecting only one person and a small amount of money.

Arthur Baillargeon, Exeter, asked if these numbers come back to the voters or are they put into the regular budget.

Kate Miller, Moderator, clarified these numbers are put into the regular budget. Chris, Suprock, Exeter, stated that even though it is a small amount these small amounts add up.

Jim Berlo, Brentwood, wanted to amend.

பு

Michael Morgan, Superintendent, explained this article was up for discussion only.

Moderator Miller noted the article would be placed on the ballot as presented.

Moderator Miller read Warrant Article #3:

Warrant Article # 3: Shall the District approve the cost items included in the collective bargaining agreement reached between the Exeter Region Cooperative School Board and the Exeter Education Association covering the three-year period from September 1, 2014 to August 31, 2017 which calls for the following increases in salaries and benefits at the current staffing levels:

Year	
2014-15	\$ 412,058
2015-16	\$ 631,578
2016-17	\$ 570,343

and further raise and appropriate the sum of \$412,058 for the 2014-15 fiscal year, such sum representing the additional costs attributable to the increase in salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year? Pursuant to RSA 273-A:12, if approved, the terms of this collective bargaining agreement, including the pay plan, but excluding cost of living increases, will continue in force and effect until a new agreement is executed, (The School Board and the Budget Advisory Committee both recommend this appropriation.)

Darrell Chichester, Exeter, motioned the article.

Alicia Heslop, New Fields, seconded.

Dave Miller, East Kingston, explained that the negotiations were at an impasse

2014 Annual Report 190

Ь

Lр

Ь

and went to mediation. He highlighted the salaries and benefits of the contract agreement.

Nelson Lourenco, Exeter, tried to amend.

பு

Michael Morgan, Superintendent, explained that this article was not amendable due to collective bargaining agreement. The voters have the ultimate say. Eric Antisell, Exeter, questioned caps on collective bargaining.

Michael Morgan, Superintendent, explained there are no caps. The salary scale treats all teachers in the same realm. There is a grid for bachelors and masters

degrees.

Arthur Baillargeon, Exeter, asked about the salary grid, increase percentages and asked about salaries being public information.

Kate Segal, Exeter, stated she would be glad to discuss the salary grid with Arthur anytime.

Moderator Miller noted the article would be placed on the ballot as presented.

Moderator Miller read Warrant Article #4:

Warrant Article #4: Shall the district vote for the removal of the limitation placed on the Maintenance Fund (established by the 2001 District meeting under RSA 198:20-c for the purpose of funding long term and/or unexpected maintenance/ repair projects of school buildings and grounds); such change would allow the fund to exceed the \$500,000 (including interest) limitation placed on it. (School Board recommends) (Majority vote required)

Dave Miller, East Kingston, motioned the article.

Darrell Chichester, Exeter, seconded.

Dave Miller, East Kingston, explained that removing the cap would allow the board to handle large unexpected ticket items.

Krista Steger, Brentwood, asked if they considered not removing the cap, but increasing the cap.

Dave Miller, East Kingston, responded by saying it is purely a housekeeping task, as any addition money for this fund would have to go before the voters. Moderator Miller noted the article would be placed on the ballot as presented.

Moderator Miller read Warrant Article #5:

Warrant Article #5: Shall the district vote for the removal of the limitation placed on the Special Education Fund (established by the 2002 District meeting under RSA 198:20-c for the purpose of funding unanticipated special education cost); such change would allow the fund to exceed the \$500,000 (including interest) limitation placed on it. (School Board recommends) (Majority vote required)

Kate Segal, Exeter, motioned the article. Mark Portu, Stratham, seconded.

Kate Segal, Exeter, addressed the article explaining that is allows us to take care of our students.

Moderator Miller noted the article would be placed on the ballot as presented.

### **191** Town of Kensington, NH

Moderator Miller read Warrant Article #6:

Ъ

Warrant Article #6: Shall the district vote to authorize the school board to release all claims to a twelve foot wide easement running from the fence by the school track through the Carlisle property to Old Town Farm Road on such terms and conditions as the school board shall determine are in the best interest of the School District? (School Board recommends) (Majority vote required)

Linda Garey, Brentwood, motioned the article.

Kathryn Clark, Kensington, seconded.

Amy Ransom, Business Adminstrator, explained the article and stated it will not impact any access to school grounds.

Moderator Miller noted the article would be placed on the ballot as presented. Michael Morgan, Superintendent, encouraged people to come out to vote. Moderator Miller adjourned the meeting at 9:21 PM with 61 voters from 6 towns present at the meeting.

Respectfully submitted,

Sum Ert Paralion

# 2014 Superintendent's Report

### 2014-2015 REPORT OF THE SUPERINTENDENT OF SCHOOLS

The precipitous drop in oil and gas prices at the end of 2014 and the beginning of 2015, along with the creation of more and more jobs, have helped the local, regional and national economies to rebound significantly since the devastating economic downturn which began in 2008 and 2009 with the collapse of the housing markets. It is our hope that finally many families are beginning to stabilize themselves in anticipation of a much calmer future.

Understanding the relevancy of economic periods is a marvelous study for education. The *Market Basket* drama that unfolded in our area during this past summer exemplified the facets that govern our economic histories – infighting, philosophical differences, greed, personal agendas, court battles, fickle loyalties and dedicated employees/supporters. Our collective efforts in SAU 16 are focused on preparing our students for their future. Keeping learning relevant is crucial in our fast paced technology based environment. That is part of the reason that our Vision Statement and Mission Statement help to drive the services that our six communities provide to students and families.

### SAU 16 VISION STATEMENT

To provide a rigorous and comprehensive education that will prepare our students for diverse post-secondary educational opportunities, a competitive workplace, and active civic participation.

### SAU 16 MISSION STATEMENT

To help students gain knowledge and skills that build intellect, character, and a lifelong thirst for learning.

### HIGHLIGHTS

Ъ

Curriculum, Communication, Community Service, and Transitions continue to be the focus of student-centered initiatives and work within the six communities of School Administrative Unit (SAU) 16. The successful implementation of the 2010-2015 Strategic Plan has been a cooperative effort of students, staff, administrators, and School Board Members. Monthly reports to the community are published and available at the SAU website (www.sau16.org). Efforts are now underway to develop the next SAU Strategic Plan for 2016-2021. Interested members of the public are invited to join this collaborative effort.

Highlights of the past year include:

- 1. Continuing implementation of the Common Core State Standards (CCSS) in Language Arts and Math in preparation for the new, required statewide standardized assessment, Smarter Balanced which is scheduled for the spring of 2015
- 2. Continuing implementation of the NextGen Science standards to advance curriculum work throughout all of the schools in the SAU

ďη

- 3. The College Board recognized Exeter High School in its 5th Annual AP District Honor Roll — a list of 547 districts across the U.S. and Canada being honored for increasing access to AP<sup>®</sup> course work while simultaneously maintaining or increasing the percentage of students earning scores of three (3) or higher on Advanced Placement exams
- 4. The SAU 16 Safety and Security Committee was awarded the first-ever *New Hampshire School Emergency Preparedness Award* in 2014 because of the on-going collaboration among schools and police departments in all six SAU communities
- 5. Increased access to various technology resources throughout the SAU with the goal of a one-to-one device for each student and staff member
- 6. Offering "dual enrollment courses" so that high school students may simultaneously earn college credit such as General Biology, Introduction to Video Production, Methods of Construction I Theory, and Introduction to C++ at the Seacoast School of Technology
- 7. The retirements of 16 SAU professional staff members who dedicated a combined total of 352 years of service to our children and their families
- 8. Three local educators with SAU 16 ties received statewide recognition through the 2014 EDies awards for their impressive work in their respective fields, including Assistant Superintendent Esther Asbell (*Outstanding Service Award* from the NH Association of School Administrators); Swasey Central School teacher Amy Cantone (*The Pat Keyes Technology Educator Award* which is given annually to an individual who has developed effective and innovative instructional units using technology); and former SAU 16 administrator Tony Baldasaro (*The Susan Janosz Technology Impact Award* for his leadership role that advocates the use of educational technologies for improving instruction and who has supported technology within the context of school reform and restructuring)
- 9. Four Swasey Central School teachers (Lisa Brown, Jody MacBride, Robert "Archie" Schroeder, and Amy Wilson) received national recognition from the Oregon-California Trails Association for their development of an extensive five-week long unit on the westward migration called "The Oregon Trail"
- 10. The Exeter High School Girls Tennis team captured their first-ever state championship and the Girls Soccer Team won its seventh Division I state championship in nine years
- 11. The Cooperative Middle School (CMS) girls' track and field team captured its eighth straight Seacoast Track & Field League championship in May
- 12. The SAU welcomed three new principals (Becky Ruel in Kensington; Kate Segal in Newfields; Jim Tremblay at Exeter High School); a new assistant principal (David Goldsmith in Stratham); and an interim principal (James Hayes at Lincoln Street School)
- Dealing with and planning for decreasing K-5 enrollments in Brentwood, East Kingston, Kensington, and Newfields while the other districts have stabilized or slightly increased enrollments
- 14. Hosting the fifth annual meeting among local state legislators, school board members, and school administrators to discuss educational and financial issues of mutual concern
- 15. Researching and discussing the implementation of competency-based standards and grading for middle and high school students
- 16. Implementing more creative and resourceful personalized means for students to learn and complete the requirements of their formal education process that include extended learning opportunities beyond the traditional classroom setting
  - 2014 Annual Report 198

ф

# 2014 Superintendent's Report Cont.

17. Expansion of the *End 68 Hours of Hunger* that provides weekend backpacks of food for students who are food insecure

Ь

- 18. Using a wide variety of media including websites, newspapers, cable access television, and blogs to communicate the schools' mission and service to the community
- 19. Enhancing the outreach of community service projects that assist in meeting the needs of individuals and organizations
- 20. Supporting and advancing the role of Advisory Committees which bring together business professionals, guidance counselors, students, farmers, chefs, and a retired principal at the Seacoast School of Technology
- 21. Continuing to recognize local residents as Champions for Children
- 22. Completing collective bargaining negotiations for four of the eleven associations within the SAU
- 23. Supporting the important work of the Unified Arts (music, art, physical education, health) in all SAU schools
- 24. Stressing the need for more active participation in the business and political affairs of the seven independent school districts within the SAU by strongly encouraging citizens to vote and serve on various Boards and Committees
- 25. Continuing the strong tradition of volunteerism in our schools by having all of our elementary schools and the Seacoast School of Technology (SST) recognized by NH Partners in Education
- 26. Reinforcing the need for student and staff awareness in the prevention of student suicides and in dealing with individuals and families who struggle with "grief and loss" issues
- 27. Recognizing the New Hampshire chapter of the National Education Association (NEA) which posthumously honored Cooperative Middle School (CMS) special education teacher Ed Pease with its *Champion of Human and Civil Rights Award*
- 28. Supporting the work of the Exeter Adult Education Program, the Exeter High School Alternative Education Program, the Great Bay eLearning Charter School (GBeCS) and the Virtual Learning Academy Charter School (VLACS) as each embraces nontraditional ways of student learning
- 29. Expanding the variety of educational programming available on Channel 13 to all SAU 16 Comcast subscribers
- 30. Serving the students, families, and staff entrusted to us

This is my seventh year working with you in this important educational process. Please know that I am very grateful to the outstanding teachers, support staff members, administrators, and school board members who share our common goal of providing the best possible education for our students and their families at a reasonable cost to taxpayers. Public education faces many challenges each day because of the changing needs of students and the expectations placed upon it. Nevertheless, SAU 16 remains committed to preparing all students to be good citizens who will emerge as responsible stewards, powerful leaders, and dedicated workers in our society.

Respectfully submitted,

Mahalk Magan

#### INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen Town of Kensington, New Hampshire

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the major fund and the aggregate remaining fund information of the Town of Kensington, New Hampshire, as of and for the year ended December 31, 2013, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Basis for Adverse Opinion on Governmental Activities**

As discussed in Note 2 to the financial statements, management has not recorded a liability for other post-employment benefits in governmental activities and, accordingly, has not recorded an expense

╈

for the current period change in that liability. Accounting principles generally accepted in the United States of America require that other post-employment benefits attributable to employee services already rendered and that are not contingent on a specific event that is outside the control of the employer and employee be accrued as liabilities and expenses as employees earn the rights to the benefits, which would increase the liabilities, reduce the net position, and change the expenses of the governmental activities. The amount by which this departure would affect the liabilities, net position, and expenses of the governmental activities is not reasonably determinable.

### Adverse Opinion

Ъ

In our opinion, because of the significance of the matter described in the "Basis for Adverse Opinion on Governmental Activities" paragraph, the financial statements referred to previously do not present fairly the financial position of the governmental activities of the Town of Kensington, New Hampshire, as of December 31, 2013, or the changes in financial position thereof for the year then ended.

#### **Unmodified** Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund and the aggregate remaining fund information of the Town of Kensington, New Hampshire, as of December 31, 2013, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information on pages i-vi and 22-23 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Kensington, New Hampshire's basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and

### **211** Town of Kensington, NH

reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

TOWN OF KENSINGTON, NEW HAMPSHIRE MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ending December 31, 2013

Presented herewith please find the Management Discussion & Analysis Report for the Town of Kensington for the year ending December 31, 2013. The responsibility for accuracy of the data, the completeness and fairness of this documentation (including all disclosures) rests with management. To the best of our knowledge and belief, the data contained herein is accurate in material aspects. This report and its content have been designed to fairly present the Town's financial position, including the result of operations of all the funds of the Town. All the disclosures necessary to enable and to assist the reader in acquiring an accurate understanding of the Town's financial activities have been included.

The Town's management is responsible for establishing accounting and internal control structures designed to ensure that the physical, data, informational, intellectual, and human resource assets of the Town are protected from loss, theft and misuse, and to ensure that adequate accounting information is maintained and reported in conformity with generally accepted accounting principles (GAAP). Management also strives to ensure that these assets are put to good and effective use. The internal control structure is designed to provide reasonable assurances that these objectives are attained.

Under the reporting provisions of the Governmental Accounting Standards Board's Statement No. 34 (GASB 34), this discussion and analysis provides some comparisons to prior years.

### **Overview of the Financial Statements**

Ъ

The financial statements presented herein include all of the activities of the Town of Kensington using the integrated approach as prescribed by GASB Statement 34.

This discussion and analysis is intended to serve as an introduction to the Town of Kensington's financial statements. The basic financial statements comprise three components:

- 1. Government-wide financial statements
- 2. Fund financial statements
- 3. Notes to the basic financial statements

### **Government-Wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the Town's finances, in a manner similar to most private-sector companies.

The statement of net position presents information on all of the Town's assets, deferred outflows, liabilities and deferred inflows, with the difference reported as net position. Over time, increases and decreases in net position may serve as a useful indicator of whether the financial position of the Town is improving or deteriorating.

The statement of activities presents information showing how the Town's net position changed during the most recent fiscal year. All of the current year's revenue and expenses are taken into account regardless of when cash is received or paid.

i

### **213** Town of Kensington, NH

### TOWN OF KENSINGTON, NEW HAMPSHIRE MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ending December 31, 2013

### Fund Financial Statements

Ъ

A fund is a grouping of related accounts that is used to maintain the control over resources that have been segregated for specific activities or objectives. The Town uses fund accounting to ensure and to demonstrate compliance with finance-related legal requirements. The Town maintains two fund types: governmental and fiduciary funds.

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating the Town's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, our readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the statement of revenues, expenditures and changes in fund balances provide a reconciliation to facilitate this comparison between the governmental activities statement of net position and statement of activities.

The Town maintains several individual government funds. Information is presented separately in the government fund balance sheet and the statement of revenues, expenditures and changes in fund balance for the General Fund, the Town's only major fund.

The Town adopts an annual appropriation budget for its governmental funds. A budgetary comparison has been provided for the General Fund to demonstrate compliance with this budget.

Fiduciary funds are used to account for resources held for the benefit of parties outside of the Town. Fiduciary funs are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs.

### Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

### **Government-Wide Financial Analysis**

### **Statement of Net Position**

Net position of the Town of Kensington as of December 31, 2013 is as follows:

### TOWN OF KENSINGTON, NEW HAMPSHIRE MANAGEMENT'S DISCUSSION AND ANALYSIS

### **Town of Kensington Activities**

The Town's net position decreased by \$132,998 during the current year.

The General Fund shows a fund balance of \$603,631. This is an increase of \$284,552 from the prior year.

The total fund balance of \$355,825 in the other governmental funds is restricted for the purposes of the individually established fund. The total fund balance in the other governmental funds increased \$27,553 from December 31, 2012.

### **Capital Assets**

Ъ

The Town considers a capital asset to be an asset whose cost exceeds \$5,000 and has a useful life of greater than one year. Assets are depreciated using the straight-line method over the course of their estimated useful lives.

The Town's investment in capital assets for its governmental activities as of December 31, 2013 is \$5,283,921. However, this only includes infrastructure (roads, bridges etc.) of \$1,902,843 acquired since 2004 as those asset types acquired prior to that date were not recorded. Accumulated depreciation amounts to \$1,897,528, leaving a net book value of \$3,386,393. This investment in capital assets includes equipment and real property. Lease vehicles and equipment before depreciation as of December 31, 2013 was \$439,462.

#### **Long-Term Obligations**

During 2013 the Town had a net decrease in general obligation bonds in governmental activities of \$40,000, as a result of scheduled payments on existing debt. Capital lease obligations in the governmental

h

₽

Ь

#### TOWN OF KENSINGTON, NEW HAMPSHIRE MANAGEMENT'S DISCUSSION AND ANALYSIS Year Ending December 31, 2013

activities experienced a decrease of \$66,725, as a result of scheduled payments on existing capital leases. See Note 8 to the basic financial statements for a detail of activity.

#### **General Fund Budgetary Highlights**

Budgetary information for the General Fund is included in the Required Supplementary Information section.

Actual revenues on the budgetary basis were greater than the budgeted amount by \$117,298. The Town brought in additional revenues from licenses and permits of \$32,555 and in taxes of \$49,432.

The Town underspent its budget by \$71,073. The savings is mostly attributable to the general government function \$54,153.

#### **Economic Factors**

Ъ

The Town continues to be in good financial condition with little long-term debt and a stable General Fund balance.

In 2013, the board of selectmen placed a halt on unnecessary spending in the last quarter to try and offset the warrant article that was put forth to voters to build a new police department and town office building. Since the article did not pass, the funds were returned to the general fund.

In 2013 the Town made the first payment of \$60, 740 on the new fire truck which was put into service in July. Road reconstruction funds allowed us to partially reconstruct Drinkwater Road.

Although we were expecting a decrease in the tax rate with the local Kensington Elementary School bond being paid off in 2013, the 2014 proposed budget remained stable because the Exeter Region Cooperative School District increased their budget.

Three new homes were constructed in 2013 which increased revenue. In 2011 and 2012, the Town only had one new building application per year.

In 2013, the town complied with the five year revaluation process on all properties throughout the Town. Each homeowner's value was affected; however we did not see an increase in abatement applications.

Emergency Management director, Robert Gustafson, applied for and received grants for funding a new computer and software for his department since he did not have a budget.

Police Chief Sielicki also acquired many grants for software and safety for the Town totaling \$9626.03.

In 2013 there was an increase in elderly exemptions which caused the burden to be disbursed amongst the remaining taxpayers.

We anticipate existing revenues will keep our town tax rate stable however there may be a slight decrease with the next tax rate setting since the Town did not put forth a warrant article for road reconstruction in

#### **217** Town of Kensington, NH

#### TOWN OF KENSINGTON, NEW HAMPSHIRE MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ending December 31, 2013

2014 in hopes of passing the new building warrant article. If this happens, the rate will increase in 2015 when road reconstruction resumes.

Town management will continue to conservatively manage the Town to work toward reducing the tax rate.

TOWN OF KENSINGTON, NEW HAMPSHIRE Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2013		Net Change in Fund BalancesTotal Governmental Funds	Amounts reported for governmental activities in the statement of activities are different because:	Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which	depreciation expense exceeded capital outlay in the current period.	Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	Repayment of principal on bonds and capital leases is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net position.	Governmental funds report the effect of bond issuance premiums when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities.	In the statement of activities, interest is accrued on outstanding bonds and capital leases, whereas in governmental funds, an interest expenditure is reported when due.	Change in Net Position of Governmental Activities

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS For the Year Ended December 31, 2013

#### NOTE 1—SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting policies of the Town of Kensington, New Hampshire conform to accounting policies generally accepted in the United States of America for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

#### Financial Reporting Entity

Ъ

The Town of Kensington, New Hampshire (the Town) was incorporated in 1737. The Town operates under the Town Meeting/Board of Selectmen form of government and performs local governmental functions authorized by State law.

The financial statements include those of the various departments governed by the Board of Selectmen and other officials with financial responsibility. The Town has no other separate organizational units, which meet criteria for inclusion in the financial statements as defined by the Governmental Accounting Standards Board (GASB).

#### **Basis of Presentation**

The Town's basic financial statements consist of government-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

#### 1. Government-Wide Financial Statements:

The statement of net position and the statement of activities display information about the Town as a whole. These statements include the financial activities of the primary government, except for fiduciary funds.

The statement of net position presents the financial condition of the governmental activities of the Town at year end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the Town's governmental activities. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program and interest earned on grants that are required to be used to support a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Town. The comparison of direct expenses with program revenues identifies the extent to which each governmental function is self-financing or draws from the general revenues of the Town.

#### 2. Fund Financial Statements:

During the year, the Town segregates transactions related to certain Town functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. Fund financial statements are designed to present financial information of the Town at this more detailed level. The focus of governmental fund financial statements is on major funds. Each major fund is presented in a

#### **225** Town of Kensington, NH

╈

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

separate column. Nonmajor funds are aggregated and presented in a single column. The fiduciary funds are reported by type.

#### **Fund Accounting**

Ъ

The Town uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts. The Town employs the use of two categories of funds: governmental and fiduciary.

#### 1. Governmental Funds:

Governmental funds are those through which most governmental functions typically are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and deferred outflows of resources less liabilities and deferred inflows of resources is reported as fund balance. The following is the Town's major governmental fund:

The *General Fund* is the main operating fund of the Town and is used to account for all financial resources except those required to be accounted for in another fund.

#### 2. Fiduciary Funds:

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is comprised of private-purpose trust funds. Private-purpose trust funds are used to account for assets held by the Town under a trust agreement for individuals, private organizations, or other governments and are therefore not available to support the Town's own programs. The Town's only trust fund is one private purpose trust which accounts for grants and scholarship funds of the School District.

#### **Measurement Focus**

#### 1. Government-Wide Financial Statements:

The government-wide financial statements are prepared using the economic resources measurement focus. All assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of the Town are included on the Statement of Net Position.

#### 2. Fund Financial Statements:

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets, deferred outflows of resources, current liabilities and deferred inflows of resources are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

identify the relationship between the government-wide statements and the statements for governmental funds.

The private purpose trust funds are reported using the economic resources measurement focus.

#### **Basis of Accounting**

Ъ

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. Government-wide financial statements are prepared using the accrual basis of accounting. Fiduciary funds also use the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of unearned revenue, and in the presentation of expenses versus expenditures.

#### 1. Revenues – Exchange and Non-exchange Transactions:

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the year in which the resources are measurable and become available. Available means that the resources will be collected within the current year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current year. For the Town, available means expected to be received within sixty days of year end.

Non-exchange transactions, in which the Town receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the year for which the taxes are levied (see Note 3). Revenue from grants, entitlements and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted; matching requirements, in which the Town must provide local resources to be used for a specified purpose; and expenditure requirements, in which the resources are provided to the Town on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year end: property taxes, charges for services, and interest on investments.

Licenses and permits and miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received.

#### 2. Unearned Revenue:

Unearned revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants and entitlements received before the eligibility requirements are met are recorded as unearned revenue. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as unearned revenue.

9

#### **227** Town of Kensington, NH

TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

#### 3. Expenses/Expenditures:

On the accrual basis of accounting, expenses are recognized at the time they are incurred.

The measurement focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization are not recognized in governmental funds.

#### **Budgetary Data**

Ъ

The Town's budget represents functional appropriations as authorized by annual or special Town meetings. The Selectmen may transfer funds between operating categories as they deem necessary. The Town adopts its budget under State regulations, which differ somewhat from accounting principles generally accepted in the United States of America in that the focus is on the entire governmental unit rather than on the basis of fund types.

State law requires balanced budgets but permits the use of beginning fund balance to reduce the property tax rate. For the year ended December 31, 2013, the Town did not apply fund balance to reduce taxes.

#### Investments

Investments are stated at their fair value in all funds. Certificates of deposit and repurchase agreements with a maturity of greater than ninety days from the date of issuance are included in investments.

#### Capital Assets

General capital assets result from expenditures in the governmental funds. These assets are reported in the government-wide statement of net position, but are not reported in the governmental fund financial statements.

All capital assets, including infrastructure are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair value as of the date received.

The Town maintains a capitalization threshold of \$5,000. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not. Infrastructure acquired prior to January 1, 2004 is not reported as permitted by the Governmental Accounting Standards Board.

All reported capital assets except for land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

╈

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

Description	Years
Land improvements	5-20
Buildings and improvements	15-40
Vehicles and equipment	3-20
Infrastructure	15
Intangible assets	10

#### **Compensated Absences**

Ъ

Town employees may accumulate sick leave days up to a maximum of sixty days per year. No payment for unused sick leave is made upon termination. Town employees earn vacation at one week to four weeks per year dependent on length of service. No employee may carry over unused vacation time from one year to the next, without selectmen approval. Vacation time will be paid upon termination.

For governmental fund financial statements, compensated absences are reported as liabilities and expenditures as payments come due each period upon the occurrence of employee death or retirement. The entire compensated absence liability, if any, is reported on the government-wide financial statements.

#### **Bond Premium**

Bond premiums are deferred and amortized as a component of interest expense over the life of the related bond using the effective interest rate method. Bonds payable are reported in the accompanying financial statements gross of bond premiums. The balance of the bond premium as of December 31, 2013 is \$12,932.

#### Accrued Liabilities and Long-Term Obligations

Except for the obligation for other post-employment benefits (see Note 2), all payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements. In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current resources are reported as obligations of the funds. Long-term obligations that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

#### Net Position

Net position represents the difference between assets and deferred outflows of resources, and liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances on any borrowings used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Town or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. Unrestricted net position is the net amount of the assets, deferred outflows of resources, liabilities and deferred inflows of resources that are not included in the determination of net investment in capital assets or the restricted components of net position.

The Town's policy is to first apply restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

11

**229** Town of Kensington, NH

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

#### Fund Balance Policy

Ъ

GASB Statement 54 established new fund balance classifications and changed the definition of governmental fund types. Under Statement 54, the Town has segregated fund balance into five classifications; Nonspendable, Restricted, Committed, Assigned, and Unassigned. These components of fund balance are defined as follows:

- *Nonspendable Fund Balance*: Amounts that are not in a spendable form or are required to be maintained intact.
- *Restricted Fund Balance*: Amounts constrained to specific purposes stipulated by external resource providers or through enabling legislation. Restrictions may be changed or lifted only with the consent of the resource providers or by the enabling legislation.
- Committed Fund Balance: Amounts that can be used only for the specific purposes determined by a formal action of the Town's highest level of decision making authority (annual Town Meeting). Commitments may be changed or lifted only by the governing body taking the same formal action that imposed the constraint originally. The governing body's actions must either be approved or rescinded, as applicable, prior to the last day of the fiscal year for which the commitment is made. The amount subject to the constraint may be determined in the subsequent period.
- Assigned Fund Balance: Amounts the Town intends to use for specific purposes; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority.
- Unassigned Fund Balance: Amounts that are available for any purpose; these amounts are reported only in the General Fund and any fund with a deficit fund balance.

As of December 31, 2013 the Town has not adopted a fund balance policy.

In instances where expenditures are incurred for purposes for which both restricted and unrestricted fund balance is available, restricted fund balance is considered to have been spent first. When expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classification can be used, committed amounts should be reduced first, followed by assigned amounts then unassigned amounts.

#### Interfund Activity

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/ expenses in the purchaser funds. Flows of each or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds. Repayments from funds responsible for particular expenditures/ expenses to the funds that initially paid for them are not presented in the financial statements.

#### Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates. Significant estimates include depreciation expense.

TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

#### NOTE 2—STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

#### Other Post-Employment Benefits

பு

The Town has not implemented GASB Statement 45, *Accounting and Financial Reporting by Employers for Post-Employment Benefits Other than Pensions*. Statement 45 requires governments to account for other post-employment benefits (OPEB), primarily healthcare, on an accrual basis rather than on a pay-asyou-go basis. The provisions of GASB 45 were required to be implemented by the Town during the year ended December 31, 2009.

#### NOTE 3—PROPERTY TAXES

Taxes are levied on the assessed valuation of all taxable real property as of the prior April 1 (\$297,326,778 as of April 1, 2013) and are due in two installments on July 1, 2013 and December 9, 2013. Taxes paid after the due dates accrue interest at 12% per annum. Property taxes are recognized as revenue when received in cash or if available to finance current period operations (within sixty days of year end).

Under State law, the Tax Collector obtains tax liens on properties which have unpaid taxes in the following calendar year after taxes were due for the amount of unpaid taxes, interest and costs. These priority tax liens accrue interest at 18% per annum. If the property is not redeemed within a two year redemption period, the property may be tax deeded to the Town.

In accordance with State law, the Town collects taxes for the Exeter Region Cooperative School District, Kensington School District and, Rockingham County, all are independent governmental units, which are remitted to them as required by law. The Town also collects State of New Hampshire Education taxes, which are remitted directly to the school district. Total taxes appropriated during the year were \$5,604,736 and \$325,139 for the Exeter Region Cooperative School District and Kensington School District combined, and Rockingham County, respectively. These taxes are not recognized as revenues in these financial statements. The Town bears responsibility for uncollected taxes.

#### NOTE 4—RISK MANAGEMENT

The Town is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended December 31, 2013, the Town participated in public entity risk pools (Trusts) for property and liability insurance and worker's compensation coverage. Coverage has not been significantly reduced from the prior year and settled claims have not exceeded coverage in any of the past three years.

The Trust agreements permit the Trusts to make additional assessments to members should there be a deficiency in Trust assets to meet its liabilities. Accounting principles generally accepted in the United States of America require members of pools with a sharing of risk to determine whether or not such assessment is probable and, if so, a reasonable estimate of such assessment. At this time, the Trusts foresee no likelihood of an additional assessment for any of the past years. Claims expenditures and liabilities are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. These losses include an estimate of claims that have been incurred but not reported. Based on the best available information there is no liability at December 31, 2013.

#### **231** Town of Kensington, NH

F

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

#### **Property and Liability Insurance**

பு

The Trust provides certain property and liability insurance coverage to member towns, cities, and other qualified political subdivisions of New Hampshire. As a member of the Trust, the Town shares in contributing to the cost of and receiving benefit from a self-insured pooled risk management program. The program includes a Self-Insured Retention Fund from which is paid up to \$500,000 for each and every covered property, crime and/or liability loss that exceeds \$1,000, up to an aggregate of \$5,000,000. Each property loss is subject to a \$1,000 deductible. All losses over the aggregate are covered by insurance policies.

#### Worker's Compensation

The Trust provides statutory worker's compensation coverage to member towns, cities, and other qualified political subdivisions of New Hampshire. The Trust is self-sustaining through annual member premiums and provides coverage for the statutorily required workers' compensation benefits and employer's liability coverage up to \$2,000,000. The program includes a Loss Fund from which is paid up to \$500,000 for each and every covered claim.

#### NOTE 5—DEPOSITS AND INVESTMENTS

Deposits and investments as of December 31, 2013 are classified in the accompanying financial statements as follows:

Statement of Net Position:	
Cash and cash equivalents	\$ 2,920,733
Investments	755,267
Statement of Fiduciary Net Position:	
Investments	30,485
Total deposits and investments	\$ 3,706,485

Deposits and investments as of December 31, 2013 consist of the following:

Deposits with financial institutions	\$ 2,947,403
Investments	759,082
Total deposits and investments	\$ 3,706,485

The Town's policy for Governmental Fund deposits requires that they be made in New Hampshire based financial institutions that are participants in one of the federal depository insurance programs. The Town limits its investments to demand deposits, certificates of deposit, or the New Hampshire Public Deposit Investment Pool (NHPDIP) an external investment pool, in accordance with New Hampshire State law. Responsibility for the investments of the Trust Funds is with the Trustee of Trust Funds. The trust funds are invested under the Prudent Man Rule per NH RSA 31:25-b.

#### Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Town's policy for managing interest rate risk is to structure

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

investments so that maturities meet the cash requirements of operations. The Town uses the New Hampshire Public Deposit Investment Pool for the majority of its investments. The Trust fund policy is to optimize earnings while minimizing risk. This is done by focusing on more long term investments for those funds that do not require immediate funds for various projects.

As of December 31, 2013, the Town's trust fund investments could be broken down into the following remaining maturities:

	Remaining Maturity (In Years)								
Investment Type	Fair Value	0-1 Years	1-5 Years	> 5 Years					
U.S. Treasury notes	\$ 20,309		\$ 20,309						
Fixed income mutual funds	91,810		43,988	\$ 47,822					
	\$ 112,119	<u>\$</u>	\$ 64,297	\$ 47,822					

#### Custodial Credit Risk

Ъ

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Town's deposits may not be returned to it. The Town's policy states that full collateralization will be required on nonnegotiable certificates of deposit and repurchase agreements. Of the Town's deposits with financial institutions at year end, \$2,653,165 was collateralized by securities held by the bank in the bank's name.

As of December 31, 2013, the Trust funds investments in the following investment types were held by the same counterparty that was used to buy the securities:

	Reported
Investment Type	Amount
US Treasury obligations	\$ 20,309
Fixed income mutual funds	91,810
Equity mutual funds	57,925
Money market funds	6,673
	\$ 176,717

#### Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The Town's investment policy for managing credit risk is to limit investments to the safest types of securities, and to diversify the portfolio in order to limit potential losses on individual securities.

The following is the actual rating at year end for each investment type:

### 233 Town of Kensington, NH

╈

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

			Rating as of Year End

Money market mutual funds		6,673									\$	6,673
State investment pool		582,366			_							582,366
	\$	680,849	\$	32,949	\$	11,039	\$	41,418	<u></u>	6,404	\$	589,039

#### Investment in NHPDIP

Ъ

The Town is a voluntary participant in the New Hampshire Public Deposit Investment Pool (NHPDIP). The NHPDIP is not registered with the United States Securities and Exchange Commission as an investment company. The NHPDIP was created by state law and is administered by a public body of state, local and banking officials.

Investments in the NHPDIP are not investment securities and, as such, are not categorized by risk. The Town's exposure to derivatives is indirect through its participation in the NHPDIP. The Town's proportional share of these derivatives is not available. The fair value of the position in the investment pool is equal to the value of the pool shares.

#### NOTE 6—CAPITAL ASSETS

The following is a summary of changes in capital assets in the governmental funds:

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

Depreciation expense was charged to governmental functions as follows:

General government	\$ 30,631
Public safety	48,257
Highways and streets	114,190
Culture and recreation	27,297
	\$ 220,375

The balance of the assets acquired through capital leases as of December 31, 2013 is as follows:

Vehicles and equipment	\$ 380,000
Less accumulated depreciation:	
Vehicles and equipment	(11,083)
	\$ 368,917

#### NOTE 7—DEFINED BENEFIT PLAN

#### **Plan Description**

لو

The Town contributes to the New Hampshire Retirement System (NHRS), a cost-sharing multipleemployer defined benefit pension plan administered by the NHRS Board of Trustees. The plan provides service, disability, death and vested retirement allowances to plan members and beneficiaries. Benefit provisions are established and may be amended by the New Hampshire State legislature. The NHRS issues a publicly available financial report that includes financial statements and required supplementary information for NHRS. That report may be obtained by writing to New Hampshire Retirement System, 54 Regional Drive, Concord, New Hampshire 03301.

#### **Funding Policy**

Covered police employees are required to contribute 11.55% of their covered salary, whereas general employees are required to contribute 7.0% of their covered salary. The Town is required to contribute at an actuarially determined rate. The Town's contribution rates for the covered payroll of police officers and general employees were 19.95% and 8.8% through June 30, 2013 and 25.30% and 10.77%, respectively, thereafter. The Town contributed 100% of the employer cost for public safety and general employees of the Town.

Per RSA-100:16, plan member contribution rates are established and may be amended by the New Hampshire State legislature and employer contribution rates are determined by the NHRS Board of Trustees based on an actuarial valuation. The Town's contributions to the NHRS for the years ending December 31, 2013, 2012, and 2011, were \$46,250, \$39,189, and \$35,215 respectively, equal to the required contributions for each year.

#### NOTE 8-LONG-TERM OBLIGATIONS

Payments on the general obligation bonds and capital leases are paid out of the General Fund. General obligation debt is a direct obligation of the Town, for which full faith and credit is pledged, and is payable from taxes levied on all taxable property located within the Town.

Ь

#### NOTE 12-RELATED PARTIES

Ъ

During 2013, the Town signed a contract for road maintenance with an asphalt pavement reclamation company. The road agent is an employee this company. Total expenditures incurred during the year ended December 31, 2013 to this outside company were \$258,243.

#### NOTE 13-COMMITMENTS AND CONTINGENT LIABILITIES

#### Curb-side rubbish and recycling pickup, rental, and snow plowing contract

During December 2010, the Town entered into a long-term contract with an independent company to collect and transport rubbish and recycled waste until April 2014. The terms of the agreement include monthly payments of \$7,492, for an annual total of \$89,900. In December 2013, this contract was extended an additional three years, through April 2017.

The Town also has agreed with this company for the rental of a front end bucket loader for four months of the year (January – March and December) through March 2015. The Town will pay \$2,500 per month in rental fees, with additional fees accruing during usage.

The Town has contracted with the same company for snow plowing, sanding equipment and winter operations through 2016.

Ь

P

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO BASIC FINANCIAL STATEMENTS (CONTINUED) For the Year Ended December 31, 2013

For the year ended December 31, 2013, the Town expended \$184,030 under the terms of the above agreements.

Minimum future payments under these contracts are as follows:

XZ TO II	Curbside &	Bucket	
Year Ending	Recyclying	Loader	
December 31,	Pickup	Rental	
2014	\$ 91,848	\$ 10,000	
2015	92,500	7,500	
2016	92,500		
2017	23,124		
	\$ 299,972	<u>\$ 17,500</u>	

#### Litigation

Ъ

The Town's general counsel estimates that any potential claims against the Town, which are not covered by insurance, are immaterial and would not affect the financial position of the Town.

#### NOTE 14—RESTATEMENT OF EQUITY

#### **Governmental Funds**

During the year ended December 31, 2013, it was determined that the Highfield Farm Maintenance Fund, previously reported under the General Fund, should be reported as a separate non-major governmental fund.

The impact on the restatement on the governmental funds is as follows:

		Nonmajor
	General	Governmental
	Fund	<b>Funds</b>
Fund Balance - January 1, 2013 (as previously reported)	\$ 330,749	\$ 316,602

#### TOWN OF KENSINGTON, NEW HAMPSHIRE NOTES TO REQUIRED SUPPLEMENTARY INFORMATION December 31, 2013

#### NOTE 1—BUDGET TO ACTUAL RECONCILIATION

Ъ

Amounts recorded as budgetary amounts in the Schedule of Revenues, Expenditures and Changes in Fund Balance – Budget and Actual (Budgetary Basis) – General Fund (Schedule 1) are reported on the basis budgeted by the Town. Those amounts differ from those reported in conformity with accounting principles generally accepted in the United States of America in the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds (Exhibit D). Property tax budgetary revenues are recognized when levied rather than when susceptible to accrual. Budgetary expenditures were adjusted for encumbrances and budgetary transfers. Budgetary revenues and expenditures were adjusted for non-budgetary revenues and expenditures as follows:

	Revenues and Other	Expenditures and Other
	Financing	Financing
	Sources	Uses
Per Exhibit D	\$ 2,118,060	\$ 1,833,508
Difference in property taxes meeting		
susceptible to accrual criteria	(87,121)	
Non-budgetary revenues and expenditures	(1,447)	(91,865)
Encumbrances, December 31, 2013		15,662
Encumbrances, December 31, 2012		(8,836)
Budgetary transfers		96,152
Per Schedule 1	\$ 2,029,492	\$ 1,844,621
