Subject: Request for waiver from Plan Set requirements

Dear Vanessa:

The Kensington Congregational Church would request that the requirement of "Eight (8) 22"x34" plan set" be waived / reduced to Two (2) for the following reasons:

1. Cost of production for a non-profit organization.
2. There will likely be little or no call for plans of these sizes by non-PB members because the plans show the existing buildings, boundaries and paved areas with no change being proposed.
3. All of the proposed use (child care) is contained inside of the building or outside on top of the grass septic area. There is no new land impact.

Thank you for your consideration.

Michael A. Schwotzer, Treasurer  
Kensington Congregational Church
