Automated Curbside Collection of Trash and Recycle

Additional Cart Registration

The Town of Kensington has entered into an agreement with Casella Waste Management of Massachusetts, Inc. to provide automated curbside collection of trash and recycle. The automated collection program will utilize carts owned, distributed and maintained by Casella to each household in Town. Each household will automatically receive one (1), 65 gallon trash cart and one (1), 65 gallon recycle cart. However, based on resident feedback, Casella and the Town will allow residents to select an additional cart if they meet any of the following criteria.

For an additional cart

- The occupancy of the residence is four (4) or more individuals.
- No business/at home business or unapproved ADU/In law apartment
